West	"PD" - Planned Development District Ordinance No. 2015-07-068 (Residential Uses)	Watters Branch Common Area

PROPOSED ZONING: The applicant is requesting to rezone the subject property to "SO" - Suburban District, generally for office uses. The proposed request should provide an appropriate function with the surrounding residential properties by utilizing low intensity office development, and should help encourage a variety of mixed uses seen throughout the Regional Employment Overlay District. As such, Staff recommends approval of the proposed zoning request.

CONFORMANCE TO ONE MCKINNEY 2040: A key aspect of the ONE McKinney 2040 Comprehensive Plan is to provide direction related to the desired development patterns and to inform decisions related to the timing and phasing for future infrastructure investments in the City. To assist in guiding these decisions, the Preferred Scenario and Land Use Diagram establishes distinctive districts, each with a clear intent and market focus that are reinforced through character-defining placetypes. In conjunction with the Preferred Scenario, there will be a series of district diagrams which outline the desired development patterns for each unique area of McKinney. Per the Preferred Scenario, the subject property is located in the Collin McKinney District. General placetypes included in this district are Entertainment Center, Professional Campus, Mixed-Use Center, and Urban Living.

- Guiding Principles: The proposed rezoning request is generally in conformance with Guiding Principle of "Diversity (Supporting our Economy and People)" established by the Comprehensive Plan. In particular, the proposed request has the potential to provide "diverse economic engines... broaden the tax base, and make the City's economy more adaptable and resilient".
- Land Use Diagram Compatibility: In evaluating development requests, the City should

determine that a project meets the majority of the established criteria to be considered compatible with the Land Use Diagram. The proposed rezoning request aligns with concepts in the Mixed-Use Center and Professional Campus placetypes of the Collin McKinney District. Furthermore, the proposed request of "SO" - Suburban Office District should be compatible with the surrounding properties and placetypes, including Entertainment Center and Urban Living placetypes.

- Land Use and Tax Base Summary: Module 13 is currently comprised of approximately 54% residential uses and 46% non-residential uses (including institutional and agricultural uses). The proposed rezoning request will have minimal impact on the anticipated land uses in this module. Estimated tax revenues in Module 13 are comprised of approximately 80.5% from residential uses and 19.5% from non-residential uses (Including agricultural uses). Estimated tax revenues by type in Module 13 are comprised of approximately 88% ad valorem taxes and 12% sales and use taxes.

OPPOSITION TO OR SUPPORT OF REQUEST: Staff has received no comments or phone calls in support of or opposition to this request.

BOARD OR COMMISSION RECOMMENDATION: On November 27, 2018, the Planning and Zoning Commission voted 7-0-0 to recommend approval of the proposed rezoning request.
