**RECOMMENDED CITY COUNCIL ACTION:**

- Staff recommends approval of the proposed amendment.

**ITEM SUMMARY:**

- Staff is proposing to amend Section 146-134 (Performance Standards) of the Zoning Ordinance to remove an exemption from the performance standards for “a musical performance.”
- When the noise provisions of the City’s performance standards were amended in August of 2019 (Ordinance no. 2019-08-061), additional exemptions were added to address uses and events that have become more prevalent within the community. After applying these regulations for the last year or so, we have found that the exemptions from Section 146-134(a) of the Zoning Ordinance granted for “a musical performance” essentially exempts said musical performances from all noise regulations contained within the City’s Code of Ordinances.
- The City currently addresses noise in two sections of the Code of Ordinances; Chapter 70, Article V (Noise) and Section 146-134 (Performance Standards). Generally speaking, Chapter 70 addresses noise for specific uses and Section 146-134 addresses allowable decibel ranges for various noises. Section 70-121 offers exemptions from all of the noise regulations contained within Chapter 70 and one of these exemptions is “*any activity, noise or sound exempted under Section 146-134.*” Section 146-134 offers an exemption for “a musical performance” and thereby exempts “a musical performance” from all of the City’s noise regulations. This is an unintended consequence of the ordinance amendment which was approved in August of 2019.

- This exemption is particularly problematic as Chapter 70 contains a number of regulations addressing musical instruments, amplifiers, and similar devices throughout the City including and especially in downtown (see Section 70-120(b)(2)). The current status of the City's regulations essentially prohibit Staff from enforcing these regulations until the proposed amendment is approved. As such, Staff recommends approval of the proposed amendments to Section 146-134(1)(e)(6) to remove the exemption for "a musical performance."

## **PROPOSED AMENDMENT**

- Staff proposes the following modification to Section 146-134 (Performance Standards - Noise):
