RE: Request to Amendment MCDC Loan Award (4B 24-15)

Dear Ms. Schneibel:

Please accept this letter from Sanchez Charities (SC) as a formal update to Project MCDC 2024-15 and a formal request to amend certain terms of the previously awarded grant by the McKinney Community Development Corporation (MCDC) to SC. MCDC's support of this collaborative advocacy center is critical given McKinney's growth and evolving demographics. As you may recall, the Sanchez Charities proposal 2024-15 was for the establishment of a collaborative health and human services advocacy center which would provide low-cost rent to service providers; embrace an advocacy model; and advance multiagency collaboration. As an illustration of why this collaborative advocacy center is needed:

- According to PNC, "a recent survey (April 2025) found that 77% of American workers are currently living paycheck to paycheck, and it's an issue that occurs at nearly all income levels. Even if you have a steady job, rising expenses and debt may make it hard to get ahead. This common struggle often comes down to a lack of a financial cushion." (See Exhibit F)
- According to the MISD statistics, over 35% of the MISD students are economically disadvantaged and over 30% of the students are at risk of dropping out of school.
- Catholic Charities of Dallas estimates that of the 1.1 million people in Collin County, one in five (1 in 5) families in the region live in poverty. (See Exhibit F)
- With just under 1.1 million in Denton County, <u>Serve Denton</u> provided over 70,000 client services in 2024 according to Pat Smith, CEO Serve Denton. (See Exhibit F)
- With a population of half the size of McKinney's population, Allen Texas' All Community Outreach (ACO) reports serving over 12,000 individuals (including some from McKinney) distributing over 1.4 million lbs. of food to over 9,000 individuals. ACO provides toys, school supplies and educational / employment training with nearly 4,000 volunteers dedicating nearly 33,000 volunteer hours for a volunteer labor value of nearly \$1 million. ACO is supported by a number of private organizations and several cities including the City of McKinney.
- The Samaritan Inn website indicates that it has served over 110,000 people. On a typical night they report housing over 160 people with a third of them being children. (See Exhibit F)
- According to a recent report by Community Lifeline Center, CLC distributed over 1.1 million meals; served over 100,000 individuals of which over 50% were elderly, disabled or children; and provided nearly \$350,000 in emergency financial aid. CLC reports an increase in family need of over 20%. (See Exhibit F)

Based on preliminary estimates and population needs, the NeighborHUB anticipates providing services to over 5,000 individuals in the first year and over 20,000 by the fifth year.

The MCDC's support was critical in pushing for a larger and sustainable model. Being good and responsible stewards of the MCDC's grant and following the guidance of the MCDC during the consideration process from 2024, Sanchez Charities (SC) has not encumbered any funds and instead has focused on the MCDC Board's recommendations of capacity and sustainability. The MCDC awarded SC

a forgivable loan for the actual infrastructure and related costs, but the MCDC did have specific directives regarding the "size" of the facility and the long-term sustainability.

BACKGROUND:

During the application process, the MCDC board members indicated a desire for the center to "scale up" as it was noted that the then proposed building of +/-10,000 sf did not seem large enough to address the growing needs of the community. Additionally, the MCDC wanted SC to focus on the long-term sustainability of the facility while ensuring lease rates would remain affordable. At the time, the business model relied heavily on a debt component for final implementation which was being provided by Credit Union of Texas (CUTX). CUTX offered a favorable development loan package which utilized the MCDC's grant funding, the cash provided by SC and other private donors, and in-kind donations. At that time, SC was ready to move forward and shoulder the risk and commitment of the long-term debt.

After the MCDC awarded the infrastructure grant, SC leveraged its relationships with several institutional partners to address the MCDC concerns of scale and sustainability. The ensuing commitments by these institutional partners amend the original plan but expedite the implementation trajectory. SC respectfully submits this summary and corresponding request for amendments to the MCDC for consideration.

Pursuant to Section 11 (a) of the Loan Agreement, SC respectfully submits the following update and amendment proposal to the MCDC for consideration:

UPDATES:

There are four (4) significant updates:

- 1. Organizational issues raised
- 2. Updated anchor tenants
- 3. Relocation of the site to a larger site with a larger proposed building.
- 4. Sustainability via institutional partners
- 1. Organizational Issues Raised
 - Misconceptions addressed
 - This collaborative advocacy center is <u>not</u> a homeless shelter. Just like there is a misconception that Samaritan Inn is a homeless shelter, but it is not; neither is the proposed NeighborHUB. The original proposal did include office space for Emmanual Labor (Paul Ballesteros) to continue his mission for the homeless, by providing him space for his volunteers and a space for him to integrate the unhoused into social services. However, even under the original proposal, the NeighborHUB did not have any overnight homeless accommodations, nor was it a homeless shelter the NeighborHUB has always been a facility to provide health and human services including but not limited to reintegration services. Due to recent state legislation (which did not pass), this collaborative advocacy center could have faced headwinds. Mr. Ballesteros graciously offered to be removed from the programming of this facility to avoid the successful implementation of the broader vision for the NeighborHUB.
 - O In coordination with McKinney Officer Terry Qualls, SC has also met with the Collin County Law Enforcement Officers (LEO) coalition on homelessness which comprises LEO's from several cities in Collin County. SC has explained to this group that the NeighborHUB is NOT a homeless shelter and that the mission of the NeighborHUB is to provide health and human services advocacy center.
 - SC's "Franchise Tax" standing
 - All State Comptroller Franchise Tax Certificates illustrating good standing have been provided to MCDC previously.

- 2. Updated Service Providers The critical service pillars for the NeighborHUB remain intact with some updates. The anchor agencies have changed slightly due to some of the original anchor agencies' financial challenges in 2024-2025. The NeighborHUB continues to be supported by the over two dozen agencies and organizations which were part of the original application as well as a broader community coalition that includes new organizations and worship groups (See Appendix). In addition, this project has received dozens of support e-mails through the NeighborHUB website portal. (See Appendix)
 - One Heart McKinney (OHM) has taken the role of providing in-take and advocacy services (previously described as "case management") at the NeighborHUB. In this role, OHM will be the clearing house for helping people connect with relevant agencies. OHM will be the conduit between neighbors in need and the various service providers including referrals to outside agencies. In the past two years, OHM has assisted over 1,100 families which equates to nearly 4,000 family members with referrals (+3,400) and housing assistance (+500) (See Exhibit F). OHM is in full support and continues to focus on data sharing, a common digital platform and transportation services which link to outside referral agencies. (See Appendix)
 - Streetside Showers will have its corporate headquarters and volunteer center in the NeighborHUB. Currently, Streetside Showers stores their trucks in ten (10) different storage areas in four (4) different counties and their volunteers are required to travel great distances for basic logistics. This facility will allow Streetside Showers to store their mobile shower units in one central location, but no on-site shower services will be provided at this facility.
 - Neighbors Nourishing Neighbors (NNN), a top 5 North Texas Food Bank agency, has committed to taking on the role of primary food provider (See Exhibit A). NNN, currently headquartered in Prosper, Texas and serving far west McKinney, will fill two functions in terms of food services.
 - Food distribution provider
 - Assume ownership of the entire McKinney Little Free Pantry (MLFP) organization.
 NNN and SC have entered into an agreement so that NNN assumes all ownership and operations of the MLFP allowing SC to focus on other efforts throughout the community. (Exhibit A)

Due to NNN's success, the North Texas Food Bank has indicated their financial support for specialty items like refrigeration equipment, storage racks and lift systems. There is a scheduled meeting in August 2025 to address these details.

• Catholic Charities of Dallas (CCD) has joined as a major anchor tenant. CCD currently owns and operates the Community Health Clinic in McKinney and is focused on a more community-based model within the 75069-zip code (See Exhibit F). CCD intends to move the Community Health Clinic from its current location into this collaborative advocacy center. Additionally, CCD will have medical prescription services, financial literacy education, parenting classes, Income Tax Assistance, counseling and legal services. Currently, CCD provides services to people from all 39 zip codes in Collin County. Both NNN and CCD provide food support for those in need. Texas leads the nation in food insecurity and 1 in 6 children live in those food-insecure households, according to CCD's research (See Exhibit F).

3. Larger Facility and relocation of original site –

- During project consideration, the MCDC Board members noted the original facility was undersized for McKinney's growing population; but that at least it was a good start.
- After the MCDC took the bold step to support the proposal, the organizational leadership of the Presbyterian Church (Grace Presbytery) (GP) contacted SC about collaboration.
 - o After nearly 150 years in existence, the <u>First Presbyterian Church</u> congregation had been experiencing a decline in membership and financial stability.
 - Lamentably, GP made the difficult decision to close the <u>First Presbyterian</u> congregation (not the church building) since the congregation could no longer financially support the expenses of the pastoral care or the operations of the building.
 - O As a part of that decision, GP invited a new worship group (Grace House Community Church) to utilize the existing actual building
 - o Grace House has become a major supporter of this advocacy center. (See Appendix).
- GP, which owns and operates the actual real estate assets of the national Presbyterian Church, has been evaluating the church's real estate assets and how to redeploy those assets regionally and nationally to reinvest in their respective communities. GP has found that collaboration projects like the NeighborHUB are part of the future strategy. (See Appendix)
 - OF local and regional governing authorities carefully considered the HUB's collaborative advocacy center and overwhelmingly voted to support the implementation strategy which involves selling their excess 2.5 acres at a "mission based" price to SC.
 - The conditions of the sale are that the land be utilized for the purpose of a not-for- profit community-based advocacy center thereby still advancing the Church's mission.
 - o GP is in full support of the NeighborHUB. (See Exhibit G)

4. Institutional Partners –

- Grace Presbytery
 - OFP will continue to be an advocate for the long-term sustainability of the HUB and has encouraged the Trinity Presbyterian Church in west McKinney to continue its long-standing support of SC and the NeighborHUB (See Appendix). Trinity Presbyterian Church is a strong supporter of community outreach including SC's McKinney Little Free Pantry. Trinity Presbyterian provides volunteers, hosts food drives and an annual open forum hosting not-for-profit organizations.
- McKinney Church of Jesus Christ of Latter-Day Saints
 - One of McKinney's other long standing community advocate groups, McKinney Church of Jesus Christ of Latter-Day Saints (MCJCLDS) approached SC about two proposals to enhance the sustainability model. MCJCLDS has introduced the NeighborHUB concept to their regional organization and has received an outpouring of support. (See Appendix)
 - 1. MCJCLDS proposed hosting an annual "Run for Hope; Walk in Faith" family friendly event to raise funds and awareness for the collaborative advocacy center. As part of the event, the City of McKinney issued a proclamation for the event. In coordination with MCDC, the City of McKinney and a host of private business and spiritual organizations, MCJCLDS hosted its inaugural event in April 2025. The event assembled supporters for unity and collaboration throughout Collin County and the metroplex. The inaugural family friendly event had nearly five hundred participants from over twenty (20) cities reflecting the regional involvement with live entertainment and several side events for non-runners. Over ten faith-based

organizations participated and MCJCLDS presented Rev. Mally Baum (McKinney Trinity Presbyterian) with the "Community Impact Award" in recognition of her exceptional service. Representatives from the Christian community, Muslim community, Hindu Community, Bahai community and others volunteered and participated in the run. Nearly twenty corporate sponsors supported the event which raised nearly \$30,000 for the NeighborHUB (See Exhibit F). SC and CJCLDS have prepared several videos of the event (https://www.ccneighborhubmck.org/about-us/). Having learned many lessons, next year's event is already in the planning phases. Below is a list of corporate sponsors from the Spring 2025 event:

2. CJCLDS has also committed to supporting the advocacy center by providing volunteers and in-kind donations for equipment, furniture and fixtures for the facility.

• Catholic Charities of Dallas

- o Catholic Charities of Dallas (CCD) has an historically strong relationship with the broader CJCLDS which has included CCD in their annual "Giving Machine"
- o CCD, GP and SC participated in visioning and collaboration meetings with McKinney's CJCLDS and other McKinney stakeholders regarding collaboration and advocacy.
- CCD, which focuses on community development and support efforts from Navarro County up to Grayson and Fannin Counties (addressing the needs of over 5 million people over a 7,500 square mile area in 9 counties), wholeheartedly agreed to provide the critical long-term sustainable component to the NeighborHUB. CCD currently operates several facilities throughout the region that focus on crisis intervention, housing, food distribution, counseling, health services, and a variety of other support services. The NeighborHUB concept aligns with CCD's strategy of building capacity in Collin County and Ellis County. CCD is experienced in managing facilities that provide health and human services. As part of their board approved commitment (See Appendix) to this collaborative effort, CCD will now address two critical components:
 - 1. Construction funding for the building; and
 - 2. Owning, operating and maintaining the facility

With these elements in place, SC is proud to present to the MCDC a larger and more sustainable resource advocacy center (See Exhibit B). As a result of this collaboration, SC and CCD have agreed to transfer the sales contract for the GP excess property, ownership of SC's original property and the ownership of the NeighborHUB to CCD – fulfilling program commitments in the original MCDC 2024-15 proposal. SC's only future involvement will be as a general community stakeholder serving at the pleasure of CCD and as an invited member of the HUB's "Advisory Council". SC would like to thank CUTX for their early support with this endeavor. It was their early support that helped build the scaffolding upon which the concept of the HUB was built. However, since CCD has committed funding for the construction of the building itself, the much-appreciated favorable loan proposal from the CUTX will not be required. CCD's funding will ensure the lease rates for the key anchor tenants will remain "affordable"; consistent with MCDC's goals and original intent. However, the MCDC infrastructure grant is still a critical component for the successful implementation of this vision.

After a year of facilitation, brainstorming, master planning, consensus building and negotiations, Sanchez Charities is proposing the following amendments for consideration by the MCDC.

PROPOSED AMENDMENTS:

- 1. Upon final MCDC and City of McKinney permit approvals, SC and CCD have committed to transition the ownership, maintenance and operational control of the NeighborHUB to CCD. The request is to create a framework for this transfer to occur seamlessly.
- 2. MCDC consider appointing one (1) person to the eventually created "Advisory Council" for the NeighborHUB. This Advisory Council will be made up of community stakeholders to guide the mission of the NeighborHUB through the implementation process and the long-term operations.
- 3. The original grant (\$517,192.00) to fund infrastructure at the original site be extended into 2026 for the continued infrastructure needs of the original site and additional site.
- 4. Increase the original infrastructure grant by \$1.2 million to address the development needs for the larger site. The larger site and larger building will require additional utilities, land development, parking and additional fire lanes. SC has negotiated with GP to establish cross-access (at no extra land costs) and shared parking (at no extra land costs) where possible and if approved by the City of McKinney. However, the increase in the site parameters requires more overall infrastructure. The specific request is to increase the infrastructure grant for the additional 2.5 acres site by \$1.2 million. (See Exhibit C)
- 5. Consider the reservation of funds (with a formal amendment or new application to be made later) for the creation of a public arts program like that which was provided to anchor the new City Hall and the Tupps Brewery developments. Over the last decade, McKinney has come to be known for its public art, place making and investments in community enhancement. The public-private art investments in McKinney Blooms, the Butterfly Exhibits, the recent "way finding" program, the city hall enhancements and the various murals and other public art examples throughout the community set McKinney apart. Towards this effort, SC has prepared a conceptual landscape and public arts exhibit for your consideration. (See Exhibit D).

REVISED LAND PLAN AND BUILDING SPACE PLAN

The revised land plan can be found in **Exhibit B**. Key elements to note:

- Site has increased from original +/-0.5-acre site to also include the 2.5 acre site being sold by the Grace Presbytery for a total of +/-3 acres.
- For this collaborative advocacy center to be a good corporate partner, the NeighborHUB has focused efforts on open space planning and placemaking. Several design professionals have come together to storyboard the open spaces; combining public meditation gardens and public art in a harmonious unique fashion. (See Exhibit D)
- Original building size has increased from a +/-10,000 sf building to a potential +/-35,000 -
 - 45,000 sf building (pending final budgets) with 2 stories at ultimate building. The ultimate size of the building will allow the NeighborHUB to attract other organizations and increase efficiency.
- FORM Studios (architectural firm from Ft. Worth with ties and experience in McKinney) has graciously donated architectural services.

 FORM led a series of design

charettes with the major stakeholders to prepare space plan options for both immediate and future needs based on funding availability (See Exhibit E). Most of the ground floor space has been committed to by various organizations. There is some space available on the ground floor and the second floor is available for lease.

• GP has agreed to allow on their existing site cross access for firelane purposes and a shared parking agreement (pending City review and approval) at no additional land costs. The GP building will mainly have a parking demand on Wednesday evenings and Sundays, which are off hours for the NeighborHUB. The use of each entity's site, parking, open spaces, meditation gardens and overall facilities will make for a better overall campus feel while still having complete operational and ownership independence.

Please note that SC through its affiliations have provided and will continue to provide:

- Real estate services have been donated (Sanchez Broker has waived commissions)
- Urban planning and entitlement services have been donated
- Civil Engineering Services have been donated
- Architectural services have been donated by Form Studios
- Development services (bidding, contract negotiations, contraction administration, and construction observation) have been donated
- Original +/-0.5-acre site will be donated for overall HUB operations as needed (donation to CCD will be in conjunction with the transfer of the land rights for the 2.5-acre site)

CONCLUSION:

On behalf of the major anchors, the institutional supporters, the various affiliate supporting agencies and the citizens of McKinney, Sanchez Charities wishes to thank the MCDC staff and Board and respectfully requests your consideration and favorable approval of the proposed amendments. This journey and process has been a challenging endeavor, but nothing worth doing is ever easy. Many of the commitments made in the original proposal have come to fruition through thoughtful and meaningful collaboration: the facility has been "right sized"; there is room to grow; the long-term viability is now a multi-agency responsibility; the business model is sustainable with institutional participants and SC has crafted a successful transition plan. Sanchez Charities will continue their efforts on the implementation in terms of land development. However, the operations moving forward will be guided by the experts in the community development field: MCDC, City of McKinney, Catholic Charities, Grace Presbytery, Church of Jesus Christ of Latter-Day Saints, One Hart McKinney, Neighbors Nourishing Neighbors and so many other organizations. The citizens of McKinney will be the true success stories of this collaboration – those in need will be welcomed into the Collin County NeighborHUB at McKinney.

The Rooted Center of Wholeness - A Vision for Our NeighborHUB

Let me paint a picture for you. Imagine a tree—majestic, towering, and full of life. Its roots spread wide and deep beneath the surface, seeking water and nutrients. These roots don't compete with one another; they work together, intertwining and strengthening the tree's foundation. Because of their collaboration, the trunk stands strong, and the branches stretch high, offering shade, shelter, and nourishment to all who come near.

Now, what if I told you that this tree is more than just a tree? What if it represented something we could build together—right here, in our city?

This tree represents the vision for our NeighborHUB—a place where nonprofits can come together, like those roots beneath the soil, collaborating to share space, save money, and strengthen one another. Instead of working in silos, each organization would bring its unique expertise to the table, pooling resources and ideas to create something far greater than they could alone. Together, they'd form a solid foundation of support—a foundation strong enough to hold up an entire community.

But this isn't just about the nonprofits. The trunk of this tree—the NeighborHUB itself—would be a place where people in need could come and find stability. No longer would they have to crisscross the city, retelling their story over and over, just to piece together the help they need. At this NeighborHUB, they'd tell their story once. Just once. From that moment, the hub would connect them to a network of wraparound services—housing, healthcare, job training, education, and more.

Think about the branches of this tree. They stretch out, reaching into every corner of the community, touching lives and creating opportunities. Each branch represents a service, a pathway for people to move from hopeless to wholeness, from despair to renewal. And as these branches grow, they create a canopy of care—a space where people feel safe, seen, and supported.

This isn't just a building. It's a movement. It's a sanctuary. Like the tree, this NeighborHUB will grow deep roots in our city, providing shade and nourishment for generations to come. Imagine the lives that will be changed, the families that will be restored, and the community that will be strengthened.

So today, I'm inviting you to be a part of this vision. Let's plant this tree together. Let's create a place where collaboration replaces competition, where services come together seamlessly, and where people find not just help—but hope.

The seeds of this vision are ready. Now, let's water them, and watch as they grow into something truly transformative. Will you join me in planting this tree? Together, we can make the NeighborHUB a reality.

Join Us in Beverly's Challenge: A Call to Generosity and Community Support

A true friend is a rare gift, and we are incredibly blessed to have one in Eddie. He has pledged to give an annual donation to NeighborHub for the span of his lifetime—an extraordinary commitment to serving others in our community. In honor of his wife, Beverly, we've created Beverly's Challenge to inspire others to join us in making a lasting impact.

Eddie and Beverly have shown, through their actions, the powerful lessons of James 2:15-16, which calls us to not just wish well for those in need, but to take tangible steps to help. Their lives reflect Matthew 6:19-20, reminding us that true treasures are found in heaven, in the kindness and love we share with others. And Proverbs 19:17 teaches us that when we give to those in need, we are lending to the Lord and will be richly rewarded.

Now, Eddie has asked if we can find matching funds for his generous gift.

Can we meet this challenge together? Will you help us support NeighborHub's important work by matching Eddie's donation? Your gift, combined with Eddie's, will directly help our neighbors, strengthen our community, and make a lasting difference for those who need it most.

Will you accept Beverly's Challenge and give today?

Your generosity can transform lives and create a ripple effect of kindness and service, just as Eddie and Beverly have done. Thank you for partnering with us in this mission to serve those in need.

With gratitude,

NeighborHub

Northern Service Center

Meeting Needs in the North

Collin County — one of the fastest-growing areas in the region—rising poverty, food insecurity, and lack of access to affordable healthcare are creating critical gaps for families in need.

There are 39 zip codes in Collin County and CCD currently serves clients in every zip code. With the closest Catholic Charities facility often an hour away, critical services are out of reach for too many. As a recognized and effective leader in serving the most vulnerable, we have a calling and responsibility to be where we are needed. We meet the need, wherever it's needed.

Collin County is home to more than 1.1 million residents, with many living on the margins of self-sufficiency.

Thousands lack access to basic healthcare, affordable education, and job readiness support.

1 in 5 families in the region live in poverty, and the number is growing as cost of living increases.

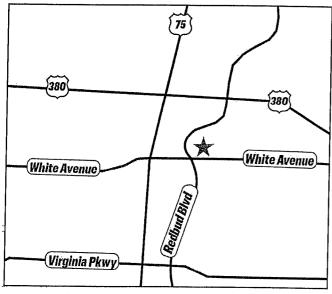

Texas is #1 leading the nation in food insecurity, including 1 in 6 children living in those food-insecure households.

Our Vision - Capital Expansion

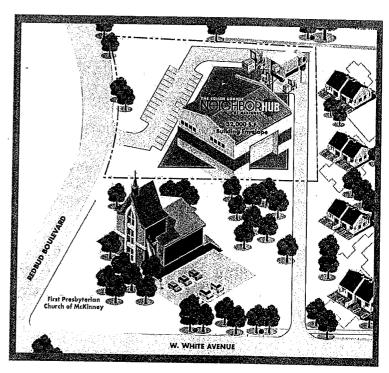

The Northern Service Center - our neighborhood "HUB"

As North Texas experiences explosive growth, Catholic Charities Dallas is responding with bold, innovative and collaborative action. An advocacy center for multiple nonprofits, The HUB will be an 38,000 square-foot facility in McKinney, strategically designed to provide comprehensive, wraparound support.

Other organizations will rent space in the facility to provide complimentary, supportive services to clients, creating both efficiencies and a self-sustaining center for years to come. The below-market rent paid by participating nonprofit partners will generate the revenue needed to cover all operating expenses and capital reserves.

Accessible location near major highways.

Impact Tomorrow Today

Catholic Charities Dallas are first responders to the most vulnerable in our community.

As a leading social services agency in North Texas, we respond to the needs of our communities throughout our nine county service area.

Catholic Charities embodies compassion by providing unwavering support and services to those in need, reflecting our commitment to helping all individuals with dignity and care.

But we don't do our work alone. We rely on community partners, nonprofit organizations, cities and counties, state agencies, donors, and volunteers to impact the lives of hundreds of thousands of our neighbors annually.

As we look to the future, we know our region is growing exponentially. This means the needs of the community will also grow. To meet that demand,

Catholic Charities is turning to the larger community for the first time in decades for broad-scale, capacity-building support.

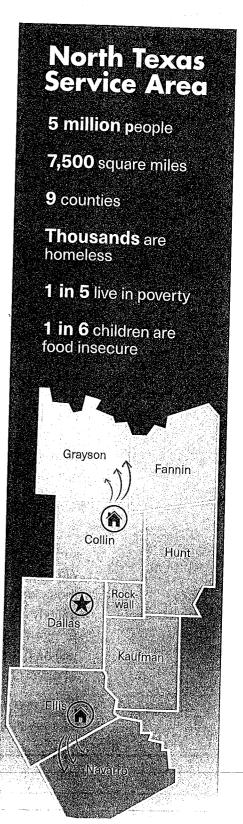

We have set a fundraising goal of \$30 million, which will lay the foundation for our strategic plan, improve long-term sustainability, and provide the ability to nimbly respond to emerging and pressing community needs.

The campaign efforts will focus on three pillars:

- Acquire, build, improve and enhance critically needed facilities
- Expand core mission areas to serve more people, more deeply across a broader geographic area
- Address key start-up and expansion needs while building local support for longevity
- Provide for long-term organizational and programmatic sustainability

Piller I: Expend fedility capacity

Element

With the explosive growth in North Texas' northern counties and an exponential growth in needs in our southern counties, we have prioritized the development of two new service centers, one in Collin County and one in Ellis County.

Poverty rates continue to increase year over year, with income inequality also widening in the region.

In Ellis County, communities face significant hardships with fewer community resources available. There are significant numbers of households that cannot support the cost of living, especially with wages not keeping pace with inflation and rising prices.

We need to be in the communities where the need exists. The creation of these two new centers will allow us to serve countless additional clients.

Northern Service Center

We anticipate creating an 18,000-square-foot facility in McKinney that will serve as a northern hub for our work. This building will serve as the new home for our Community Health Clinic, which provides free medical care, testing and equipment for the uninsured in Collin County.

We will also offer:

- Financial literacy and career services through our Next Gen Wealth Academy to ensure those we serve are connected quickly and effectively with programs and resources that will help them break the cycle of poverty
- Adult and early childhood literacy programs
- General case management services

Southern Service Center

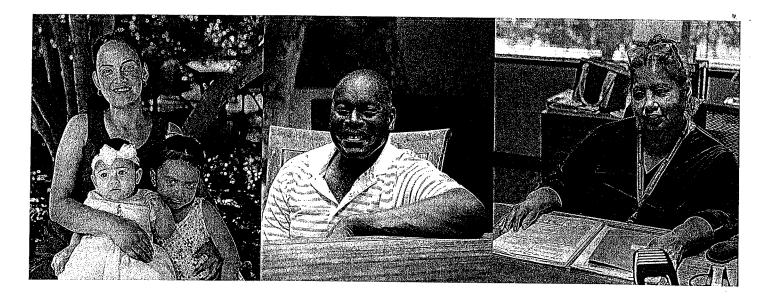

Catholic Charities began servicing the Ellis County community with the launch of a Client Choice Food Pantry in Ennis in 2017. We have developed a strong partnership with the local parish, St. Johns, as well as the City of Ennis as a result. By working together, we are expanding our reach in the southern region. This partnership isn't just about working together it's about maximizing efficiency to enhance capacity and resources. Collaboration is valuable, but

Catholic Charities will develop approximately 8-10,000 square feet offering a Client Choice Food Pantry, case management services, parenting and early childhood education, family literacy programs,

Timing: 2027-28

efficiency is essential.

Catholic Charities has become known as "the" leaders in addressing the "homeless" housing needs in our communities. Over 700 units are online serving the long term need of residents that experience homelessness. Still, more is needed and the proven success of public/private partnerships will show the way to future growth in permanent supportive housing.

Join Us: Impact Tomorrow Today

We do not do this work alone. We leverage our faith and turn it into action every day to alleviate the suffering of those around us and to improve their lives so that our collective community can thrive. But we need the community's support and passion for helping our neighbors in need to be effective.

The health and vitality of our North Texas community is at stake. Rampant poverty and the marginalization of those who have less than us can lead to unemployment, devastating and irreversible chronic health problems, undereducation, and scores of other negative societal impacts.

The time is now for Catholic Charities to step up and lead the way in showing what it means to be a compassionate society. The time is now for you to join us as we serve – together – the North Texas community.

We are Catholic Charities, and We Are Here!

Pillar 2: Expand mission capacity

\$6 million

In the last five years, Catholic Charities has expanded programs, grown services, and responded to rising needs. Client reach increased by over 200%, with new initiatives like Mater Maria, a welcoming, safe and nurturing home for homeless pregnant women, and the Community Health Clinic in Collin County. Additionally, our education program tripled, hunger relief efforts surged, and we built three St. Jude properties to address homelessness. Yet. the needs for our services far outpace the resources we have to provide them. With expansion

comes the need for more staff, vehicles, and buildings.

With five sites and a six-year track record of successfully stabilizing our unhoused neighbors, we will open a sixth community, St. Jude Center-Oak Cliff, in 2027, bringing the total of homeless individuals we serve to over 900. We will continue to grow our Mater Maria homes to meet the needs of unhoused, pregnant women.

Our model of creating community, supporting residents with wraparound, holistic services and resources, and

working collaboratively with community-based partners is highly effective at putting individuals on pathways to stability and self-sufficiency.

As other issues and needs arise in North Texas, we want the ability to respond quickly, nimbly, and strategically - to answer the call for those in need.

Having funds readily available for capital, start-up, and programmatic investments that will allow us to serve more people in need is an essential tool in our growth strategy.

Pillor3:

Expand funding capacity

\$12 million

The vast majority of our programs and services are provided to our community's most vulnerable at their greatest time of need at no charge to them. With obstacles like rising costs, housing shortages, and reduced funding, we must ensure accessing needed resources are not a barrier.

We are here, in North Texas, to serve. To restore hope and dignity, foster healing and growth, and create pathways to a better future. Our mission is to welcome every person with open arms, compassion, resources, and solutions.

Growing our endowment is key to long-term sustainability, ensuring support for both existing and new programs and services. Currently generating just under \$500,000 annually, doubling our endowment would allow us to invest over \$1 million each year into vital services for North Texans in need.

Your Gift Will Impact Tomorrow, Today

Your gift builds more than a building. Your gift makes it possible to bring care, support and opportunities to all of Collin County.

With the land already secured, our neighborhood hub will require \$6.5M in philanthropic support to complete the project within the anticipated timeline of 1 year. With your partnership, we anticipate the Northern Service Center will increase our capacity exponentially.

Your partnership is vital to completing the Northern Service Center and fulfilling our commitment to serve until it's solved. Together, we will build a more compassionate and connected Collin County.

2024 STATE OF HOMELESSNESS ADDRESS THANK YOU FOR JOINING US FOR THE

2024 State of Homelessness Address Talking Points

Background

In 2021, the All Neighbors Coalition, comprised of 150 organizations, transformed our homeless response system, with a particular focus on reducing unsheltered homelessness. Prior to 2021 we were all doing great work. But we were working in silos, competing for limited funding and resources.

- The system transformation focused on evidence-based strategies. Fueled by public-private partnerships, we expanded pathways to housing, health, and stability for people experiencing homelessness.
- Federal officials have recognized the region as a top performer and one of only 27% of communities in the country to reduce homelessness last year.
- Earlier this year, the U.S. Department of Housing and Urban Development (HUD) earmarked \$27 million in annual funding for the All Neighbors Coalition. That is a 44% increase in performance-based funding as compared to 2021 levels.

New Information To Be Released At SOHA Event

Housing Forward and the All Neighbors Coalition on Tuesday will announce the third consecutive year of reductions in homelessness in Dallas and Collin counties, **including the lowest total number of people experiencing homelessness in nearly a decade.**

- According to the January Point-in-Time count, a total of 3,718 individuals are experiencing homelessness on any given night in Dallas and Collin counties.
- That equates to a 19% reduction in overall homelessness and a 24% reduction in unsheltered homelessness since 2021.
- This continued success **goes against national trends**. Between 2022-2023, homelessness increased in about 75% of U.S. communities. The nation saw the largest increases on record.
- We are reporting **decreases this year as compared to 2023** in family homelessness (15%), youth homelessness (22%), and veteran homelessness (21%)
- Across the board cuts are supported by increased investment in housing and services. Since 2021, more than 10,100 people experiencing homelessness have been housed in Dallas and Collin counties, and the number of permanent housing interventions available increased by 44%.
- The Coalition is excited to implement a historic \$9.3M youth award from HUD. It will help build a system that can identify all youth in crisis and provide immediate access to support and housing.
- The data also reveals ongoing challenges. While Black households make up just 19% of the general population in Dallas and Collin counties, nearly 57% of the unhoused population is Black.
- This imbalance is a by-product of the wide-ranging impacts of systemic racism and inequities. It supports our ongoing focus on racial equity.

What's Next

We recognize that challenges remain, particularly related to visible unsheltered homelessness. We have more work to do and must continue to invest in the strategies that are working.

- New goal to cut street homelessness in the region by 50% as compared to 2021 levels.
- With a \$30 million public-private investment, we believe that goal can be met by 2026.
- Emphasize closing encampments in public spaces with a targeted "Street to Home" approach.
- This proven model addresses public health and safety concerns, while providing a lifeline to our neighbors enduring unsheltered homelessness. Encampment closures are expedited by bringing behavioral healthcare and rehousing assistance onsite and supporting our neighbors to move back home.

NTX MedBridge Statistics

Dear Kim, Maria

Following is the current Stats for NTX MedBridge:

In the past one year, since its inception North Texas MedBridge has served over 240 patients in Dallas and Collin counties and has facilitated over 260 preventative screening services, including mammograms, PAP smears, STI tests, and mental health counsels.

In Collin County specifically, we have served the unhoused and underserved individuals:

- 56 patients screened
- 23 free mammograms
- 8 free PAP smears
- 11 patients scheduled for free Mental health counselling sessions and
- 43 free haircuts.

At our Collin County events, 23% of our patients have had what we classify as "New Health Risks," meaning that they had no previous official diagnosis of any chronic disease, yet had abnormal health screening results (blood pressure, blood sugar, oxygen saturation, mental health, etc).

In addition, 34% of our patients are at "Severe Risk," a classification we determine by a combination of chronic disease status, access to medications, prescription status, and ER visits in the past 3 months. Most notably, the combination of chronic disease and having no access to medications had the largest weight in determining whether a patient was at "Severe Risk" or not, which is a gap North Texas MedBridge aims to help fill with its Street Medicine initiative.

Please let us know if you have any questions. Thankyou Saritha.

NOTICE OF CONFIDENTIALITY RIGHTS: IF YOU ARE A NATURAL PERSON, YOU MAY REMOVE OR STRIKE ANY OR ALL OF THE FOLLOWING INFORMATION FROM ANY INSTRUMENT THAT TRANSFERS AN INTEREST IN REAL PROPERTY BEFORE IT IS FILED FOR RECORD IN THE PUBLIC RECORDS: YOUR SOCIAL SECURITY NUMBER OR YOUR DRIVER'S LICENSE NUMBER.

SPECIAL WARRANTY DEED

This conveyance and the warranties of title contained herein are expressly made subject only to those certain encumbrances, easements and other matters more particularly described on **Exhibit B** attached hereto and incorporated herein by reference (the "Permitted Exceptions"), but only to the extent that such Permitted Exceptions are valid, subsisting and, in fact, affect the Property.

TO HAVE AND TO HOLD the Property (subject to the foregoing) unto Grantee and Grantee's successors and assigns forever, and Grantor does hereby bind Grantor and Grantor's successors and assigns to WARRANT and FOREVER DEFEND, all and singular, the Property unto Grantee and Grantee's successors and assigns, against every person whomsoever lawfully claiming or to claim the same or any part thereof, by, through or under Grantor, but not otherwise.

GRANTOR AND GRANTEE AGREE THAT GRANTEE IS TAKING THE PROPERTY "AS-IS" WITH ANY AND ALL LATENT AND PATENT DEFECTS AND THAT THERE IS NO WARRANTY BY GRANTOR THAT THE PROPERTY IS FOR A PARTICULAR PURPOSE. EXCEPT FOR THE EXPRESS REPRESENTATIONS AND WARRANTIES DESCRIBED IN SECTION 4.1 IN THE CONTRACT OF SALE BETWEEN GRANTOR AS "SELLER" AND GRANTEE AS "BUYER" DATED EFFECTIVE THE ____ DAY OF _____, 20__, GRANTEE ACKNOWLEDGES THAT IT IS NOT RELYING UPON THE ACCURACY OR COMPLETENESS OF ANY REPRESENTATION, BROCHURE, RENDERING, PROMISE, STATEMENT OR OTHER ASSERTION OR INFORMATION WITH RESPECT TO THE PROPERTY MADE OR FURNISHED BY OR ON BEHALF OF, OR

GRANTEE FURTHER UNEQUIVOCALLY DISCLAIMS ANY RELIANCE BY GRANTEE ON ANY ALLEGED NONDISCLOSURE OF GRANTOR OR ANY OF ITS AGENTS, EMPLOYEES OR REPRESENTATIVES. GRANTEE TAKES THE PROPERTY UNDER THE EXPRESS UNDERSTANDING THAT THERE ARE NO EXPRESS OR IMPLIED WARRANTIES (EXCEPT FOR LIMITED WARRANTIES OF TITLE SET FORTH IN THIS DEED). GRANTEE EXPRESSLY WARRANTS AND REPRESENTS THAT NO PROMISE OR AGREEMENT WHICH IS NOT HEREIN EXPRESSED HAS BEEN MADE TO IT AND HEREBY DISCLAIMS ANY RELIANCE UPON ANY SUCH ALLEGED PROMISE OR AGREEMENT. GRANTEE HAS AGREED TO DISCLAIM RELIANCE ON GRANTOR AND TO ACCEPT THE PROPERTY "AS-IS" WITH FULL AWARENESS THAT THE PROPERTY'S PRIOR USES OR OTHER MATTERS COULD AFFECT ITS CONDITION, VALUE, SUITABILITY OR FITNESS; AND GRANTEE CONFIRMS THAT GRANTEE IS HEREBY ASSUMING ALL RISK ASSOCIATED THEREWITH.
