Please note: Additional information may be requested by MCDC.

Juli Smith has contributed to the quality of life in McKinney for over 20 years. Her current endeavor, The All Abilities Playground, makes her more than worthy of the 2019 Quality of Life Award nomination. As the immediate Past President of the Sunrise Rotary in McKinney, Juli spearheaded the collaboration of the Rotary Clubs, the City of McKinney, and the Parks Department to realize her dream of an All Abilities Playground. Juli facilitated the fund raising by establishing the Sunrise Rotary Foundation, a 501 (c) (3) entity. Juli has been the project lead and along with all three McKinney Rotary Clubs and raised \$316,831.95 from community sponsors. Juli also engaged the gifted and talented, or Alpha students of MISD to work with professionals on the design of the playground. Juli realized that children are the most obvious stakeholder in this project.

Although this nomination is focused on Juli's efforts towards the All Abilities Playground, she has served McKinney and Collin County for many years. Julie has been the Director of Senior Services for Meals on Wheels for Collin County, Commissioner/Vice Chairman of the McKinney Housing Authority, and Interim Executive Director of the Collin County Committee on Aging. Along with serving as President of the McKinney Sunrise Rotary, Juli has served as Secretary and President Elect. Juli works with the Rotary's Flag Lease Program and manages programs for seniors at Trinity Presbyterian Church of McKinney.

MCDC's funding of this project is complete. The park was scheduled to open in November but due to flooding the opening has been postponed until spring. This project is a major component of Bonnie Wink Park and will bring countless members of our community and surrounding areas to enjoy this park. Juli has spent countless hours fund raising and promoting this project. I believe the time is right to recognize Juli Smith for her efforts.

2019 QUALITY OF LIFE AWARD NOMINATION FORM

DR. TODD M. BURTON, MCKINNEY, TX

Todd Burton, MD - Dr. Burton has been an integral part of the McKinney Community since he began serving the families here in 1999 and his commitment grew deeper when he established his practice - *All About Children Pediatrics* in 2001 on Eldorado Parkway in McKinney. He grew up in Dallas (Richardson), graduated from Stanford University with a Bachelor of Arts in Human Biology, and then received his Doctor of Medicine from The University of Texas-Houston. Dr. Burton did his residency training at Arkansas Children's Hospital in Little Rock. He and his wife and three children have lived in McKinney since 1999 and he has actively helped in Glen Oaks Elementary, Dowell Middle School and Boyd High School supporting all their sports and other activities.

His desire to provide the best care for the children of the community is ongoing and is deeply rooted in his commitment to the families of McKinney.

Dr. Burton sponsors and volunteers for many community events in Collin County and is passionate about outreach opportunities. In addition to his medical clinic, he was an integral part in the development of the Collin County Health Center – a free health clinic in McKinney for uninsured children. He and volunteers from his office worked tirelessly to assist in getting this service set up and available to Collin County.

Dr. Burton and his staff are regular volunteers and sponsors of the Special Olympics Day and also the Wipe Out Cancer event in McKinney. He and members of his staff and family recently volunteered for McKinney Make A Difference Day, doing landscape work for the new Life Path Clinic in McKinney. He has also served as a member of one of the City of McKinney's Boards and Commissions, I believe The Community Grants Advisory Commission.

His tireless dedication and endless hours spent before, during and after clinic each week, plus weekends on call and hospital visits, all set a model and standard for patients, staff, neighbors, friends, and everyone in the community, as to what the true Quality of Life in McKinney is all about. All About Children Pediatrics has been the recipient of the Reader's Choice Award for Best Pediatric Practice for 7 of the past 8 years. This is a tribute to all the medical providers and staff at All About Children. I think the Quality of Life Award would be a special tribute not only to the practice, but especially recognize Dr. Burton for his devotion to the Community where he lives and works.

I am proud to recommend Dr. Burton for this award.

Alliance of Elite Youth Leadership has been a great addition to the McKinney community since 2013. When the organization began it was great to have diversified leaders to help expose our teenagers toward a greater way of thinking and living. This is an organization that specifically works with an age group that is hard to reach, our teenagers, with grace and humility. Since they formed the Follow. Lead. Succeed. Accountability Program, it has taken the reach of the organization even further by providing life-long supportive services to teenagers that made mistakes by not holding them back for it, instead guiding them toward the right path to positivity. These teenagers expand their mindset and work very hard toward a more productive future- All with the care and love of a community agency- AEYL!

Nomination for Quality of Life Award – Organization

McKinney Parks and Recreation Department

During 2018 the McKinney Parks Department has seen many accomplishments. Some of these are as follows:

- Construction of the Gold Star Family Memorial**
- Construction of the Wilson Creek Hike and Bike Trail**
- Construction of the Comegys Creek Hike and Bike Trail**
- Construction of the Rowlett Creek Trail at Craig Ranch**
- Installation of the Community Center Playground**
- Installation of Towne Lake Playground updates**
- Installation of Winniford Park Playground updates**
- Athletic Field Enhancements at Gabe Nesbitt (Phase 1)**
- Installation of drinking fountains at Fitzhugh, Wattley and Horizon Parks**
- Installation of drinking fountain and power at the pavilion at Old Settler's Park**
- Installed power to pavilion at Erwin Park**
- Installation of 165 trees at Gabe Nesbitt ballfields, Al Ruschhaupt Soccer, and Oak Hollow Golf Course**
- Completed design of George Webb Park**

Many other projects were started to include the All Abilities Playground (in conjunction with the McKinney Rotary Club) which was slated to open in November but due to flooding has been delayed until Spring 2019.

Parks provides many activities that we are all familiar with: Daddy Daughter Dance, Towne Lake Trout Derby, Easter Egg Splash, and Red, White, and Boom to name a few.

Parks and Rec also provides services many of us are not aware of. It provides a collection of programs for special needs individuals to include a Special Needs Prom, Adult Special Needs Social Nights, gym space for McKinney Magic Athletics Teams (a delegation with Special Olympics), and Special Needs Outdoor Movies which encourages singing and dancing.

There are also many cultural events to include a Cultural Music Series that includes Irish, African, and Latin musicians. Gender Neutral activities such as Kids in the Kitchen was also established to facilitate more diverse social interactions.

The Apex Centre has also been a success with its accomplishment to be self-funding which it accomplished in its first year (expected to take three years). At its peak this year it recorded over 60,000 visits in a single month.

Parks partnered with Craig Ranch to relocate 23 mature Crape Myrtles to Gabe Nesbitt Park. This project resulted in \$143,000 in net, positive value to the park's tree inventory.

Finally, Parks has created a Senior Center that fosters an environment that allows its seniors to enjoy music, exercise, field trips, and meals. The Senior Center provides dances each Monday. Many seniors have found a love connection during this activity. Pickle Ball is another event that is hosted at the Senior Center. This too has become a popular event for McKinney's Seniors.

I cannot say enough about the Parks & Recreation Department of McKinney. This department is always doing its best to meet the demands of a fast-growing community not only in its park acreage but also in its services and classes. Parks personnel spend countless hours preparing for events, cleaning up after floods, and most importantly proving McKinney is one of the Best Places to Live in America.

Just hang around downtown and see the smiles on the faces of all, young and old. While yes they are police, they are approachable and represent everything "unique" this great city has to offer. They are incredible ambassadors and a huge draw to our east side. The officers themselves are very well suited to deal with the public on a daily basis but the horses - well, they are priceless! Truly fostering positive relationships between police and constituents while

PSA – McKinney has made a huge contribution to the Quality of Life for the youth and families of McKinney. This Past Year PSA programing served 44,000 youth in our community with recreational opportunities that many communities cannot offer families. Offering both recreational and competitive sports opportunities for McKinney Families with a 14,400 sq foot facility supported by a grant from your Community development Corporation, PSA offers our residents sporting opportunities that other communities dream about.

- Sports offered: Basketball (Winter, Spring, Summer, Fall); Volleyball (Winter, Spring, Summer, Fall); Indoor Soccer (Winter and Summer); Indoor Flag Football (Fall, Spring and Summer); Outdoor Pre-K Soccer (Fall and Spring)
- Camps: Winter Break, Spring Break, Summer (Flexipass, Basketball, Volleyball, Indoor Soccer and Flag Football)
- Skills Academy, Clinics and Try out Prep programs (Basketball, Volleyball and Soccer).

Because of thousands of volunteer hours, and Sponsorships provided by McKinney Businesses, along with the Partnership of PSA, Our community is able to provide sports programing at low prices for our residents and youth greatly contributing to our quality of life. Over 1.5 Million students, parents and friends pass through the PSA-McKinney doors each year. PSA has been so successful in McKinney, that plans are underway to add additional square footage to the McKinney Facility.
