

**..Title**

Conduct a Public Hearing to Consider/Discuss/Act on a Request to Zone the Subject Property to “AG” – Agriculture District, Located Approximately 90 Feet East of Spur 195 and Approximately 2,200 Feet South of North Central Expressway

**..Summary**

**COUNCIL GOAL:** Direction for Strategic and Economic Growth  
(1C: Provide a strong city economy by facilitating a balance between industrial, commercial, residential, and open space)

**MEETING DATE:** June 24, 2025

**DEPARTMENT:** Development Services - Planning Department

**CONTACT:** Jake Bennett, Planner II  
Caitlyn Strickland, AICP, Planning Manager  
Hayley Angel, AICP, Interim Director of Planning

**APPROVAL PROCESS:** The recommendation of the Planning and Zoning Commission will be forwarded to the City Council at the July 15, 2025 meeting.

**STAFF RECOMMENDATION:** Staff recommends approval of the proposed zoning request.

**APPLICATION SUBMITTAL DATE:** May 5, 2025 (Original Application)

**ITEM SUMMARY:** Staff is requesting to zone approximately 18.637 acres of land, generally for agricultural uses.

**EXISTING ZONING AND LAND USES:**

Location	Zoning District (Permitted Land Uses)	Existing Land Use
Subject Property	City of McKinney ETJ	Undeveloped Land
North	City of McKinney ETJ	Undeveloped Land

South	“AG” – Agriculture District	Undeveloped Land
East	City of McKinney ETJ	Undeveloped Land
West	“AG” – Agriculture District and City of McKinney ETJ	Undeveloped Land

**PROPOSED ZONING:** The applicant is requesting to zone to “AG” – Agriculture District.

The subject property is party to a pre-annexation agreement from 2015 that allows the City to annex and zone the property into the city limits after ten years.

The proposed zoning district of “AG” – Agriculture allows the property to continue operating as it currently exists, and rezoning will be required in the future for any use not permitted in the “AG” District.

The proposed zoning should not negatively impact the existing property or any neighboring properties. As such, Staff recommends approval of the proposed zoning request.

**CONFORMANCE TO THE ONE MCKINNEY 2040 COMPREHENSIVE PLAN:** A key aspect of the ONE McKinney 2040 Comprehensive Plan is to provide direction related to desired development patterns in the city and to inform decisions related to the timing and phasing of future infrastructure investments. To assist in guiding these decisions, the plan includes a set of Guiding Principles that provide overall guidance and a Preferred Scenario and Land Use Diagram that illustrates the desired development patterns in the city. The Preferred Scenario and Land Use Diagram are built upon a series of distinctive districts, each with a specific purpose, focus and market. Each district consists of a mix of placetypes that identify the predominate land uses and desired pattern of development for the district.

- Guiding Principles:  
The proposed rezoning request is generally in conformance with the Guiding Principle of “Diversity (Supporting our Economy and People)” established by the Comprehensive Plan. In particular, the proposed request has the potential to provide “[...] new businesses and developments that support economic engines, broaden the tax base, and make the city’s economy more adaptable and resilient.”
- Preferred Scenario and Land Use Diagram Characteristics:

Per the Preferred Scenario and Land Use Diagram, the subject property is located in the Honey Creek District and is designated as the Suburban Living placetype.

**Suburban Living** is found in close proximity to neighborhood commercial and commercial centers. Suburban Living provides the population necessary to support the nearby commercial and professional office uses within the surrounding corridors. These neighborhoods generally feature a subdivision layout. Residential uses are typically self-contained with a buffer from non-residential developments through transitional uses and landscaped areas. Lot sizes in Suburban Living areas are consistently less than ½ acre.

- **Land Use Diagram Compatibility:**  
When considering land use decisions, the City should determine that a project aligns with the Land Use Diagram and/or meets a majority of the plan's established criteria to be considered compatible with the Land Use Diagram. The proposed rezoning request **aligns** with the Suburban Living placetype of the Honey Creek District, is in conformance with the Land Use Diagram and should be compatible with the surrounding properties.

Fiscal Model Analysis: The attached fiscal analysis shows a positive fiscal benefit of \$8,963 for the 18.637-acre property, which should contribute to achieving an overall fiscal balance in the city.

**OPPOSITION TO OR SUPPORT OF REQUEST:** Staff has received no letters of support to this request and no letters of opposition. This does not include emails or letters that may have been sent directly to members of the Council. As part of the Planning and Zoning Commission Public Hearing, Staff has not received any citizen comments through the online citizen portal.

# MASTER THOROUGHFARE PLAN

## LEGEND

- Major Regional Highway/Multi-Modal
- Tollway
- Principal Arterial (130' - 6 lanes)
- Major Arterial (124' - 6 lanes)
- Greenway Arterial (140' - 6 lanes)
- Greenway Arterial (120' - 4 lanes)
- Minor Arterial (100' - 4 lanes divided)
- Minor Arterial (80' - 4 lanes undivided)
- Minor Arterial (70' - 3 lanes)
- Town Thoroughfare (4 lanes)
- Town Thoroughfare (2-3 lanes)
- McKinney City Limits
- McKinney ETJ
- Other Cities

Disclaimer: The Master Thoroughfare Plan provides generalized locations for future thoroughfares. Alignmnets may shift as roads are engineered and designed to accomodate floodplain areas and to meet sound engineering and urban planning principles. The Roadway lines shown on the plan are not precise (site specific) locations of future thoroughfares.

# HONEY CREEK ENTERTAINMENT DISTRICT

*Intent - This area is designated to become a major new center for activity, including shopping, entertainment, recreation, restaurants and other regional attractions programmed together in a mixed-use environment.*

# DESCRIPTION

The Honey Creek Entertainment District will be comprised of two character-defining areas – a mixed-use entertainment center and a Professional Center area.

Within the mixed-use entertainment center, private and public uses (including cultural and recreational offerings) appeals to a diverse range of residents and visitors. While many of McKinney’s current entertainment, recreational and cultural offerings appeal to families with children, uses in this District will attract young and retiring professionals as well as entrepreneurs. Supporting uses include retail stores, restaurants, office spaces and residences for individuals employed within the Entertainment Center

or Professional Center areas. Commercial uses include free-standing stores with visibility from or access to US 75, as well as smaller spaces, vertically and horizontally integrated with office and residential uses.

The Professional Center area is centered southwest of the mixed-use entertainment center, near the intersection of US 75 and Bloomdale Road with access to the US 380 Corridor. Low- and moderate-profile buildings (single- and multi-tenant) will be found here along with corporate headquarters, all supported by local- and region-serving natural and built amenities.

*“Uses in this District will attract young and retiring professionals”*

Retail and service tenants in the Entertainment Center area will draw consumers from markets beyond McKinney, including those in Prosper and Sherman, portions of Frisco and Allen, and points north to the state line. Residential areas will include a variety of products at densities that support Mixed-Use and entertainment centers.

Businesses which locate in the Professional Center area will be seeking an attractive setting with connections to the US 380 Corridor and US 75 and proximity to the Collin County Government Center, Raytheon and the Baylor,

Scott & White Medical Center. Retail stores and restaurants will primarily serve the area’s daytime population and supplement commercial developments located within the entertainment center.

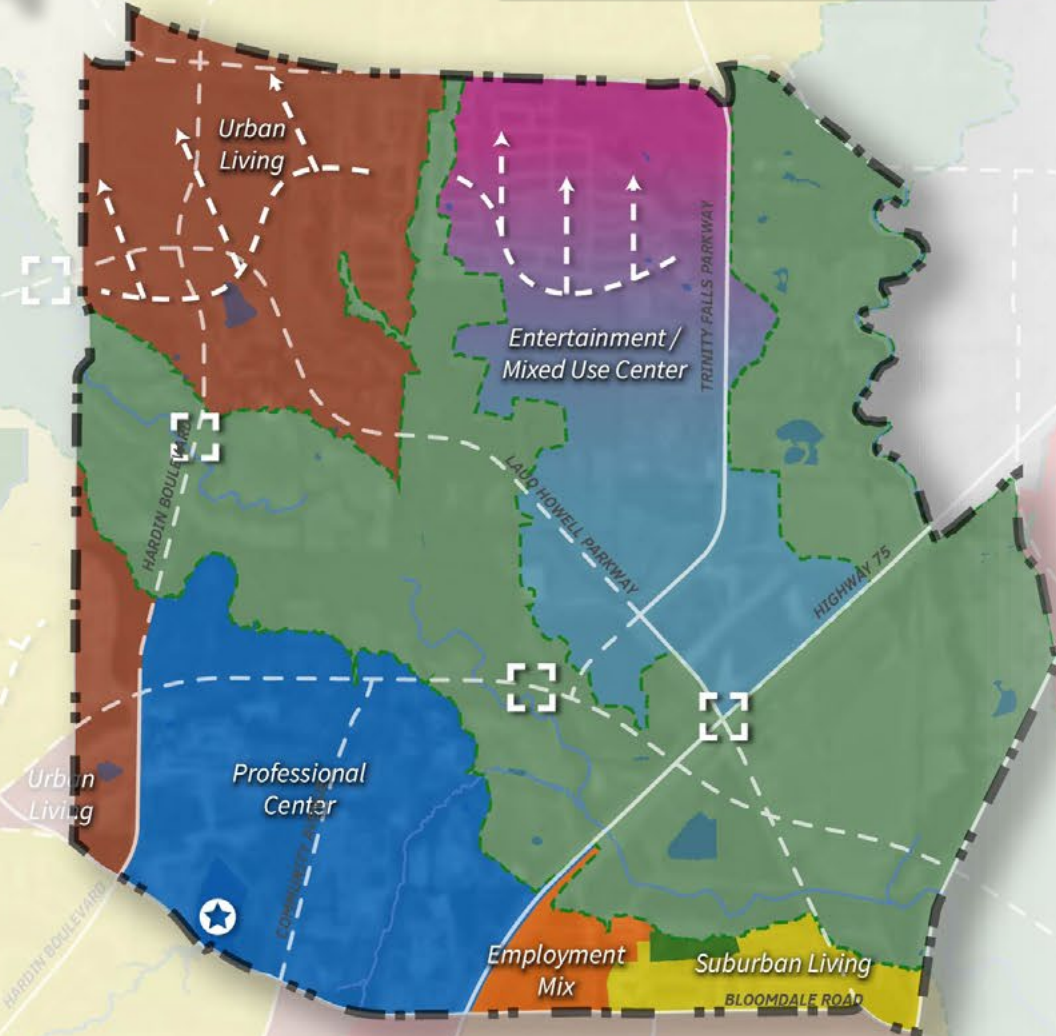

The households that will find this district appealing can generally be described as smaller households of single and married individuals, with jobs requiring professional and semi-professional skills, with incomes above the regional median, and a preference to rent or own in either established neighborhoods or urban centers.

# MARKET ANALYSIS

# LAND USE DIAGRAM

The Preferred Scenario and associated district diagrams serve as a guide for future development and the general Placetypes proposed for McKinney. A comprehensive plan shall not constitute zoning regulations or establish zoning district boundaries.

## PLACETYPES

# STRATEGIC DIRECTION

## DEVELOPMENT PATTERN

1. **Entertainment Center** is the first of two character-defining Placetypes. Its success is most critical to Honey Creek's desired character. The primary focal point for this Placetype should be located along Laud Howell Parkway, between Trinity Falls Parkway and US 75. Depending on market support, the mixed-use Placetype would be appropriate to locate in the northernmost areas if they are not supportable as entertainment center. The Entertainment Center and Mixed-Use Center area on the diagram indicates an intensity transition from the highest intensity of uses to less intense products as these placetypes approach adjoining single-family residential placetypes to the North.

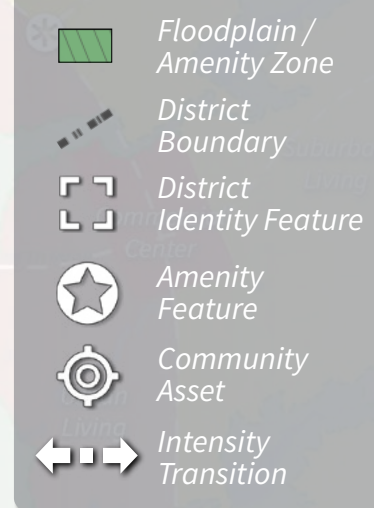

2. Three sides of the **Entertainment Center** area are bounded by floodplain. Future development at and around the intersection of US 75 and Laud Howell Parkway should integrate these natural areas into project design and development. Additional floodplain reclamation or modification in this area should be designed to enhance the Entertainment Center Placetype and its natural setting. Due to this desired integration, no other Placetypes should be allowed to locate between the Entertainment Center and the amenity zone.

3. **Professional Center** is the second character-defining Placetype in this District. It is intended to attract companies that want proximity to the Entertainment Center as part of their identity or because of their customer base. This is a unique location for businesses interested in sites near natural amenities, for companies desiring close proximity to the Collin County Government Center, and for companies whose employees want nearby choices for urban living. Design standards and technology infrastructure should be enhanced to compete for these employers.

4. Any infill development that occurs within these areas should be consistent and/or compatible with the existing built conditions and/or should demonstrate compatibility with the Placetypes and priorities shown in the Land Use Diagram.

5. The **Urban Living** Placetype offers residential choices for people who work in the Entertainment Center or who choose to live close to its attractions. The design and density of Urban Living development should create a walkable, pedestrian-friendly environment in the public and private spaces between the residential structures. While it includes a mix of housing types, lower-density and auto-oriented residential uses do not take full advantage of the area's potential and thus should be a minor part of the development pattern and should only be considered as a means by which to transition to existing residential uses. Accordingly, the Urban Living areas on the diagram indicate that an intensity transition from the highest density of Urban Living uses to less dense products as this placetype approaches the adjoining single-family residential neighborhoods.

6. The Entertainment Center and the Urban Living areas should share adjoining open space amenities and should be connected with streets and pathways that encourage walking and biking between the two areas.

# IDENTITY, AMENITIES, & INFRASTRUCTURE

Key identity and amenity features such as gateways, trails and parks are described in detail in the City of McKinney Parks and Recreation Master Plan. Additionally, the following considerations are key to reinforcing the vision for and intent of this District.

1. District Identity Features (including specially enhanced bridges) should establish an overall character and brand for the Honey Creek District. Specifically, the feature identified at US 75 and Laud Howell Parkway should serve as a major gateway and should focus on creating an overall character and brand for the City and / or the Honey Creek Entertainment District. Additional gateways should mark the crossing of the Honey Creek waterway and transition of major land uses from entertainment and mixed-use to large scale professional offices. More information about this and other gateway features can be found in the Parks and Recreation Master Plan.
2. The Amenity Feature on the Diagram denotes an existing lake that should be maximized as an amenity feature for future developments in this area.
3. Transportation, water, wastewater and stormwater infrastructure in this District should maximize compatibility with the creeks and related open space amenities, as well as the mixed-use development context of the District.
4. Mobility networks in this District should balance two different objectives. The major thoroughfares must provide adequate capacity to meet vehicular travel demand to regional destinations. At the same time, a network of streets and paths should provide convenient and inviting choices for non-auto travel between destinations within the District. This balance is particularly critical in this District because its compact, mixed-use character results in a high number of short trips, which will be feasible on foot or by bike if the area’s design is appropriate and appealing.
5. The design of roadways in this District should enhance the visibility and community value of the floodplain and open space areas. For example, single-loaded roadways along the District’s creeks could provide amenity value to those using the roads and higher property value to the properties facing the road and amenity.

The graphic that follows provides a profile of the Honey Creek Entertainment District if the District develops as outlined above. These graphics relate to new development only.

# ANTICIPATED PUBLIC INVESTMENTS & INITIATIVES

The City of McKinney intends to consider the following major public investments to support the success of the Honey Creek Entertainment District.

1. Introduction of cultural venues and community amenities that diversify the entertainment mix in McKinney.
2. Design and finance of Identity Features at public locations within the District (i.e., creek crossings), consistent in design and character with those in adjacent private projects.
3. Investigate the use of special districts or other mechanisms that fund the costs associated with public improvements requiring higher service levels than provided citywide.
4. Consider the creation of a specific development code or other mechanism to ensure the desired development pattern within this District.

## 205 Use Regulations

### A. Purpose

This section identifies the land uses allowed in McKinney's zoning districts and establishes standards that apply to certain uses with unique characteristics or impacts.

### B. Table of Uses

#### 1. Explanation of Use Permission Abbreviations

##### a. Uses Permitted By-Right

"P" in a cell indicates that the use is permitted by right in the respective zoning district. Permitted uses are subject to all other applicable regulations of the Code.

##### b. Uses Permitted By-Right, in Compliance with Use-Specific Criteria

"C" in a cell indicates that the use is permitted by right in the respective zoning district, provided that it meets the additional use-specific criteria that are described in this section of this Code.

##### c. Uses Permitted by Specific Use Permit

"S" in a cell indicates that the use is permitted in the respective zoning district only if a Specific Use approval is granted pursuant to the procedure described in §203C.3, *Specific Use Permit*. Approved specific uses continue to be subject to all other applicable regulations of this Code.

##### d. Prohibited Uses

A blank cell indicates that the use is prohibited in the respective zoning district.

##### e. Accessory Uses

"A" in a cell indicates that the use is only permitted in the respective zoning district as an accessory use.

##### f. Temporary Uses

"T" in a cell indicates that the use is only permitted in the respective zoning district as a temporary use.

#### 2. Table Organization

In Table 2-26: Table of Uses, land uses and activities are classified into general use categories and specific use types based on common functional or physical characteristics. This classification provides a systematic basis for assigning present and future land uses into appropriate zoning districts. This classification does not list every use or activity that may appropriately exist within each use category.

#### 3. Use for Other Purposes Prohibited

All uses not specifically listed are prohibited and shall be unlawful unless the Director of Planning has determined an appropriate use type for the unlisted use pursuant to the procedure in §205B.4 below.

#### 4. Classification of New and Unlisted Uses

New types of land uses will develop over time and such uses may seek to locate within the City. The following procedure shall apply if an application is submitted for a use type that is not specifically listed in Table 2-26: Table of Uses. Submission and approval of such an application shall be required prior to approval of any other permit or development approval associated with the use.

##### a. Review and Approval Process

- I. The Director of Planning shall review the new and unlisted use to determine if it is materially similar to a listed use type by considering characteristics including the following: whether it includes dwellings, sales, processing, or storage; employment and operational characteristics; potential nuisances; requirements for public utilities; and transportation requirements.
- II. If the Director determines that the new and unlisted use is materially similar to a listed use type, the new and unlisted use type shall be treated as being the same as the listed use type to which it is materially similar.
- III. If the Director determines that the new and unlisted use is not materially similar to any listed use type, the application shall be forwarded to the Planning and Zoning Commission for

- recommendation and to the City Council for a decision. The referral from the Director shall include recommendations regarding the following:
- a. The zoning district(s) in which the use type should be allowed;
  - b. The parking ratio, existing or new, that should be applied to the use type;
  - c. The definition for the proposed use type; and
  - d. Any other conditions or standards that should be adopted to ensure the proper development of the use type.
- IV.** New and unlisted uses which are approved by the City Council shall be adopted by resolution until the approved new and unlisted use can be formally incorporated into this Article through the procedure outlined in §203C.1, *Code Text Amendment*.
