Service Plan – Levels of Service

▪ Water and Sanitary Sewer Services

- provided to the area by any of the methods by which we extend the services to any other area of the municipality
- will be provided at a level of service at least equal to current services available in the City, or **equal to the level of services available in other parts of the City with topography, land use and population density** similar to those contemplated or projected in the annexed area
- For new development, the City of McKinney requires developers to construct the necessary infrastructure to meet the needs of the development. This requirement may also include off-site improvements.

▪ Capital Improvements Program

- Upon annexation, the area becomes eligible for Capital Improvement Program consideration.
