

# McKinney R&B FESTIVAL

McKinney R&B Festival (MRNBF) is a vibrant, community event designed to celebrate unity and culture through the power of music. TUPPS Brewery has been chosen as the host venue for the last two years due to its strong community ties to East McKinney.

The family-friendly festival brings in over 40 local vendors, local music artists and bands, and local djs. The attendees include residents from McKinney and surrounding cities which helps boost foot traffic for TUPPS Brewery.

We evaluate the attendance results every event and strive to increase the numbers every year. By doing so, we advertise with local radio station K104, and social media.

MCDC has graciously helped fund the marketing strategies and we are incredibly grateful for their support. This year we are asking for \$7,500 to help us continue to reach more audiences that will provide exceptional foot traffic for TUPPS and the 40+ vendors.
