Paul,

I have some numbers for you. GIS ran the population data for the county and we applied the funding formula. We normally do this calculation in August, but we wanted to have a more accurate number for you.

For the FY2026 gap year, McKinney’s funding would be \$63,332.83. That is a *slight* increase from FY2025 funding. We are hoping the City of McKinney can partner with us for the gap year until the ESD gets created and funded.

I have also attached the current year funding as reference.

Thank you.

-Yoon
