Executive Summary

McKinney is not only a destination community that has been widely recognized as one of the best places to live, but it is also greatly known for its robust park system, which exemplifies their "Unique by Nature" brand. Dunaway was commissioned to work with the Parks Department and City Leaders in updating the Parks, Recreation and Open Space Master Plan (Parks Master Plan) to continue to position the City to account for future development while integrating the parks system into the City and its economic success.

Some of the major goals of the Parks Master Plan include:

- Keep developing new and creative park resources that will serve the various growth areas across the City
- Focus on strength reinvestment in existing parks in three key categories: restore, enhance, and reimagine
- Identify and maintain the City's natural resources for environmental stewardship and recreational enjoyment
- Coordinate the Parks Master Plan with the separate Trails Master Plan to expand the City's trail network throughout McKinney
- Identify key partnerships with public/public, public/private, and public/not for profits that can support both capital investments and long-term maintenance costs
- Continue conservation efforts for all parks and park land, including additional trees and shade throughout the City

NEEDS ASSESSMENT

Priorities for the overall park system were defined by a series of key meetings, conducted by Dunaway and City staff, to get input on the desires and needs for McKinney park improvements.

First, City staff shared with the Dunaway team the previous citizen survey information related to parks and recreation. Work sessions with the Parks and Recreation staff were also facilitated in order to get their input on the park systems future needs over the next 5 to 10 years.

The Park Board and McKinney Community Development Corporation were then brought into a work session, with City staff and the Dunaway team, to discuss their input on park needs and current trends in recreation that are impacting McKinney.

The final step involved the Dunaway team taking the information from previous public input data and recent work sessions to create a specific ranking of priorities for both outdoor and indoor recreation. Separate rankings were performed by the Park Board, Community Development Corporation, and City staff. These priorities were reviewed and confirmed in a follow-up meeting with all parties. This overall process led to priorities for McKinney's parks system (indoor & outdoor facilities) over the next five to ten years.

Part II Certification

Under penalties of perjury, I certify that:

- 1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- 2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- 3. I am a U.S. citizen or other U.S. person (defined below); and
- 4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification. New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).
