The City of McKinney Subdivision Ordinance and the City of McKinney Zoning Ordinance will govern development of the Property, except for the following specific standards.

Development within the Property is subject to discretionary general development plan review and approval by the City Council. Such general development plan review is to ensure conformance with the guidelines required herein and the goals and objectives of the City of McKinney Comprehensive Plan.

### **General Development Plan**

A general development plan shall be submitted and approved by the City Council prior to the approval of any plat for the medium and low density areas of the proposed development. The general development plan shall show the schematic layout of the both areas and their relationship to adjacent properties.
