He added that MCDC will continue highlighting its impact throughout the year. Hugs Café CEO Lauren Smith recognized MCDC for helping create community and employment opportunities for Hugs employees. The new Hugs Headquarters will bring Hugs Café, the Hugs Training Academy, and the Hugs administrative team together in one location and is expected to open in the summer of 2026. She added that MCDC has contributed more than \$1 million to support Hugs Café's mission of creating opportunity and innovation for the McKinney community. - 26-0143** Minutes of the McKinney Community Development Corporation Meeting of January 22, 2026.

- 26-0144** Minutes of the McKinney Community Development Corporation Potential Projects Subcommittee Meeting of December 18, 2025.
- 26-0145** Minutes of the McKinney Community Development Corporation Promotional and Community Event Grant Subcommittee of January 12, 2026.
- 26-0146** Chair Fuller called for the Financial Report. Assistant Director of Finance Chance Miller presented a report on year-end FY 25 financials and December financials. He shared that he will present the final FY 25 audit to City Council on Tuesday and that there are no proposed audit adjustments. For year-end FY 25 financials, Mr. Miller reported that MCDC ended the year with sales tax revenue of more than \$24.6 million, exceeding the 3% budget projection. For FY 26, the budget projections call for a 3.5% increase. Total revenues were over \$58.9 million and included \$30 million of debt issued in April. Total expenditures for FY 25 were over \$47 million, including operational expenses of \$929,000, project expenses of \$41 million, and non-departmental expenses of \$4.9 million, which included \$1.7 million for the Economic Incentive Roadway Construction Fund. Mr. Miller added that the FY 25 ending fund balance is \$92.4 million. Treasurer Wilkes added that the ending fund balance includes funds already committed to projects and contracts. For December, revenues were \$2.5 million, primarily from sales tax. Expenses were \$700,000 including \$521,000 in project expenses. Mr. Miller noted that reappropriations will be added to the January financials, and after those adjustments the FY 26 projected ending fund balance will be approximately \$70 million. Regarding sales tax, December numbers apply to October. McKinney saw an increase of 5.5% compared to a 24.6% increase for Allen, a 25.9% increase for Plano, and a 1.8% decrease for Frisco. Sister city sales tax numbers will be updated to reflect the true variance once audit collections are accounted for and

defined. He shared that Allen's higher increase was largely attributed to the recent opening of Costco and related sales activity. Regarding the industry breakout, Mr. Miller reported that retail trade represented 6% and scientific and professional services represented 30%. He added that FY 25 ended strong and retail trade is helping start the new fiscal year with strong performance.
