

Trends at Hall

Circulation and Borrowing

- **Circulation Increase:**
 - The circulation of materials has been increasing month over month.
 - Representing growth in community engagement and library resource utilization in the RHH service area.
- **Unique Borrowers:**
 - We have seen over **3000 unique borrowers**, an increase of **400 borrowers**.
 - This demonstrates our reach and growing membership base.
- **New Borrowers:**
 - We are adding over **200 new borrowers** each month steadily.
 - This consistent growth indicates a strong and sustained interest in our library services.
- **Hours Change**
 - Since January we have seen continued growth in activity between the 9am and 10am hours. The 8am hour still has limited growth, but constant study room use.

Juvenile Area Updates

- **Shelf Modifications:**
 - Completed the shortening of all shelves in the Juvenile area for improved accessibility.
 - There are no current plans to shorten additional shelves.
-

Renovation News

Funding and Design Development

- **City Council Approval:**
 - The City Council has approved funding to advance to the full design phase of our renovation project.
- **Collaboration with 720 Designs:**
 - We are collaborating with "**720 Designs**" to transform initial conceptual designs into fully developed plans.

Coordination with Downtown Development

- **"720 Designs" & the Mixed-Use Development:**
 - The contract with "720 Designs" includes a requirement to meet with developers of the new mixed-use development in downtown McKinney.

- This development will proceed once existing city buildings are vacated, integrating library improvements with broader city planning efforts.

Ongoing Planning

- **Service Continuity:**
 - Given the lengthy nature of the renovation process, staff are actively developing initial plans to maintain and grow library services during this period.
 - Our goal is to limit service interruptions to east McKinney.
 - Find improvement in library offerings throughout the renovation.
