Name: David James
Address: 720 Old Salado Rd McKinney
Phone Number: _____
E-mail Address: dvd.m.james@gmail.com
Primary Contact (Name, E-mail and Telephone): _____

Comments: I like option 1, but I understand some peoples' complaints about losing the "historic" feel of downtown. Could "historic" architecture be added to the west half and transition to a more "modern" downtown on the east half? Maybe some "history of McKinney" transition through the park?
I don't like the idea of traffic over the park (option 2). I'd have nightmares of a car toppling over the bridge and falling on a family

Comments: Number 1 is favorite to keep Highway 5 running smooth +
Steady, like the park, will draw people, events to McKinney.
The problem will Number 2 is the homeless will congregate +
too many areas where drug deals can happen.

Comments: #2 OPTION

* CONCERNED ABOUT UNDERGROUND AREA AT NIGHT (HOMELESS POPULATION)

#3 option - NEEDS TO BE GRANDER - YOU WILL HAVE CITY HALL & A ENTERTAINMENT COMPLEX - THAT NEEDS THE CONNECTION OF THE 2 TO BE GRANDER

#4 IS EXPENSIVE, BUT IT BECOMES AN EVENT VENUE IN ITSELF, TRAFFIC IS STILL DIRECTED TO DOWNTOWN. THIS IS A GRANDER CONNECT OF DOWNTOWN MCKINNEY & THE CITY HALL COMPLEX

For more information on this study please visit our website: McKinneyTexas.org/PedCXN

Comments: ~~Option 1~~ Option 1 due to the homeless population. I feel like the option to have the park under would enable the homeless to camp there. The park overhead is beautiful and will bring more people to downtown to support small.

Comments: I THINK THIS IS AN EXTREMELY IMPORTANT PROJECT FOR THE LONG TERM AND MIDTERM FUTURE OF DOWNTOWN LINKING THE 2 SIDES OF RT5 INTO A MORE CONTIGUOUS AND THEREFORE FUNCTIONAL AREA WILL ADD A GREAT DEAL TO THE DOWNTOWN AREA. I THINK FAR & AWAY, OPTION 1 WILL BEST DO THAT. OPTION 2 IS LESS DESIRABLE BECAUSE OF ISSUES LIKE LIGHTING, NOISE/ACOUSTICS & SECURITY THAT WILL HAVE TO BE ADDRESSED. OPTION 3 I VIEW LARGELY AS THE "DO NOTHING" APPROACH, WHICH I DO NOT LIKE AT ALL. I WOULD LIKE TO SEE A LIST OF IMPACTED BUSINESSES ASSOCIATED WITH OPT 1 ROW ACQUISITION & WOULD LIKE TO UNDERSTAND WHAT WILL HAPPEN TO THEM - RELATED? EMINENT DOMAIN? OTHER?

Comments: Option 1 is my pick out of the 3. It provides a safe transit to each side, and a community environment. I moved here 3yrs ago to the East Side specifically to spend more time at my favorite shopping venues - The Square! Adding this option not only impacts how I get here, but also improves the neglected businesses along 5. This will bring in more interest - more sales, tax dollars - and most importantly - PRIDE in the community! Let's do this McKinney! Option 1 all the way!

Comments:

The meeting format is great but may need more room for the next meeting. When will the city meet about the 3 options. The options 1/2 are good but I prefer 1. I believe it would bring the best long term benefits for McKinney, New money, young adults/children to the city but I do have concerns. What are the options for the property owners that will be possibly affected by option 1. How long would it affect traffic or take to build if chosen. How will option 1 or 2 impact the community / taxes / traffic. Lots of questions....

Comments:

GO WITH OPTION #1 LIKE "KLUDGE WARREN"
PARK WHICH IS A BIG SUCCESS IN DOWNTOWN
DALLAS. THIS OPTION IS A PROVEN SUCCESS
OPTION #2 IS NOT SAFE FOR PEOPLE AFTER
HOURS - NO NATURAL LIGHT UNDER OVERPASS.
OPTION 3 - NO DON'T PARTNER

Comments: I am opposed to option 3. As development occurs to the east of Rt. 5, traffic will increase making a crossing more dangerous. The park sizes will also be smaller and thus less usable for events and family use. Option 2 would create a difference in use between able bodied people and those who have mobility issues as those with mobility issues will have to either use the crosswalk or take a longer journey with slope. I believe that option 1 provides the most walkability and least danger or deterrent to use. HOWEVER I would only support the cost of either option 1 or 2, if the east side of Rt. 5 will be required to be equally walkable as existing downtown. ←

Comments:

1 IS BETTER, 2 IS CHEAPER. I'M OPEN TO BOTH. AS SOMEONE WHO LIVES IN D1 AND HAVE KIDS WHO ATTEND SCHOOL, OPTION 3 IS SO UNSAFE FOR US. WHEN WE CROSS, IT IS SO SCARY AND ADDING A PATCH OF GRASS WON'T HELP. MY ONLY CONCERN W/ OPTION 2 IS THE HOMELESS POPULATION LIVING UNDER IT. THEN YOU HAVE MILLIONS OF DOLLARS SPENT ON SOMETHING NO ONE WANTS TO GO NEAR. I WOULD NOT FEEL SAFE W/ HOMELESS LIVING/FREQUENTING THERE.

For more information on this study please visit our website: McKinneyTexas.org/PedCXN

Comments: I like option 2 it provides a destination but is
reasonable on price and affects fewer property owners. It provides
natural shade and cars going over can see the park.
It would be good to provide food truck parking and ornamental
lighting under the bridge. Also a shade structure over
the playground

Comments:

Appreciate the city holding this informational meeting.
Like the version where access is under HWY 5 (12-7a \$MM)
Believe continuing ease of pedestrian traffic to the new
City buildings and the Tups Area is important and needs
to be an extension of the plan - include in the conceptual
plan that access as well.
How can we accommodate the existing stores on the west
side such as to minimize the impact - steps + ramps
etc...?

Comments:

I prefer option 2 - the inverted deck park. Allows the road median and the park, and minimal disruption to busineses. I appreciate play space, water feature and familiar space.

2ND opti is ~~the~~ option 1 - Deck Park above highway. It's better than no park, but let's not try to re-create Klyde Warren - we can't.

~~NO~~ I DO NOT SUPPORT OPTION 3 - BORING + NOT INNOVATIVE.

Comments: Option 2 (underground) is my favorite option.
Does the Property Acquisition Budget include any compensation to the BUSINESS
owners (not Building owners) in the study area. I ~~was~~ owned a business in the area
until a year ago. If I were still there, I would be demanding the city cover
relocation expenses, Advertising related to relocation and a rent differential in my
new location, wherever it ended up being.

Primary Contact (Name, E-mail and Telephone): _____

Comments:

Option #1 is our preferred option. It is expensive but if the city could find someone else to help pay for it its the best option. Option #2 is the second best option. We are worried about under the bridge becoming a spot for the unhoused. Option 3 does not seem viable because it doesn't provide a pedestrian crossway across Hwy 5.

Comments:

I BELIEVE THE BEST OPTION IS 2. HOWEVER IT WILL LIKELY NOT
ALLEVE MUCH FOOT TRAFFIC ACROSS THE ROAD. PEOPLE WILL
RARELY GO OUT OF THEIR WAY & ADD EXTRA TIME IF THERE
IS AN EASIER PATH → NAMELY JUST CROSSING AT THE CROSS WALK.
AS A "DESTINATION PARK" IT WILL BE NICE. IT WILL ALSO
BE A NICE COVERED AREA FOR HOMELESS & THOSE CAUSING
TROUBLE. UNLESS EXCEPTIONALLY WERE HIT, MY WIFE WOULD
NEVER GO UNDER AT NIGHT.

Comments:

OPTION 1 IS A BOONDOGGLE, AS IS OPTION 2. BOTH COST WAY TOO MUCH.
OPTION 1 DISRUPTS TOO MUCH, FORCES TOO MANY OUT OF THERE BUILDINGS
AND DESTROYS A NATIONAL HISTORIC REGISTER PROPERTY WHILE
COSTING WAY MORE THAN THE CITY SHOULD EVEN CONSIDER SPENDING.

OPTION 2 IS A FANCY, EXPENSIVE HOMELESS ENCAMPMENT, IT WILL
DRIVE PEOPLE AWAY AND CREATE MORE PROBLEMS FOR THE
POLICE.

CCL2of4@tx.RR.COM

Comments: I think that the complexity and cost of the deck
park options may not justify them, considering both options
do introduce new issues:
- razing of commercial buildings, which decreases density in the
downtown core
- heat island effect from all of the new concrete, especially option #1
- greenspace near a noisy, major thoroughfare

I think simpler may be better here - improve the crossing
maybe install a raised crosswalk (not an overpass) and
implement traffic calming

Comments:

I'm highly against Options 1 & 2. They do not preserve any uniqueness: historic elements of downtown. The displacement of homes & businesses is the wrong thing to do.

I would like you to explore a sensible approach in Option 3. The drawings just show an expanded median with no Ped Bridge. That seems disingenious.

Comments: This project will increase traffic activity but not assist with the East of Hwy 5 infrastructure. We should begin with the streets and home improvements as well as business improvements before we place a connection. What is the reason for the connection? What problem does the connection solve? Money of the more expensive nature should be spent in the community of the East at Hwy 5 Residents. Therefore option 3 would serve the community the best at this time. More emphasis on building up infrastructure without removing current residents!!

Comments:

Against this big time. 1) If businesses want this, it should be paid for by private funds only. No taxes should be used for this project.
2) Our economy is not doing well and headed into a place we've never been. Spending money is insensitive to current homeowners struggling to make it, (*raises hand) and is a bad usage of our money. There is no guarantee that extra tax revenue will lower our yearly payments. 3) In the last 3 years, I've seen an unprecedented growth in homelessness and mental health issues that have invaded downtown. This project looks like the kind of place homeless would love to congregate. We have more pressing issues to solve/ spend money on. 4) as secretary of the Collin County Libertarian Party, I'd like to say taxation is theft and the faster we get to this mindset, the faster true wealth can be created.

Comments:

I see the project as ~~just~~ window-dressing for the City Hall, Tupps Brewery, etc moving into the E. McKinney area. The streets leading out of E. McKinney have had to wait & some are still waiting to receive any or equal attention. Also, no speed enforcement on Throckmorton (which the residents need to see a move to rename). Progress is fine but spread it equally so all residents share in the benefit, ^{not just} the merchants & our weekend visitors (who I know contribute dollars, but E. McKinney is the ~~real~~ ^{real} main ~~McKinney~~ ^{McKinney} ~~area~~ ^{area}).

For more information on this study please visit our website: McKinneyTexas.org/PedCXN

Comments:

- Suggestions:
- ① State the name of the project: "State Hwy 5/McDonald Downtown" on marketing materials
 - ② Host an actual meeting in all impact areas — On the East Side & downtown
 - ③ Have discussions during times when the general public can typically attend — NOT @ 3 or 4pm
 - ④ State the known or predicted impact on a) residents, b) businesses & c) general public
 - ⑤ Marketing material in English & Spanish

Comments:

This project is focused on connecting only a small part of the East side of McKinney. The area it will be connecting is the area where the new city hall will be as well as the new Tupps developments. I feel the \$\$\$ could be used better else where or in a better way to connect a larger part of the community. The dollars, whatever the amount should be used to ~~near~~ create more connectivity for all of east side, not just the three blocks ~~where~~ where city hall /Tupps is going. Bike paths, pedestrian walkways, etc are all broader options.

Comments:

I think it would be good for McKinney.

my only concern is homeless in the park. As you know
our homeless population downtown has increased.

Comments:

I am against this project. We would love to see a simple pedestrian bridge that does not displace much loved businesses. We do not need another multi family complex downtown. This is not unique by nature. Why construct new buildings while tearing down historic ones? The Ice house is unique and should be preserved.

Comments: Love the idea of having a space like this in downtown McKinney
I think my main concern with any of these options is making sure that
it enhances the historic feel rather than take away from it.
As a single mom who really enjoys using the downtown McKinney
space with my child, safety is a concern. So making sure it is well lit
and monitored for crime and things like that. Making sure it is a space to
feel comfortable and safe as a family. I do have a dog for the unlicensed in
our area, but would not want this to ~~become~~ become a space for them
to camp out. ~~and make it a safe space~~ Thank you

Comments: These designs are very impressive. They will change forever the East-West Divide. The results will cast McKinney as an innovative city. You only have one chance to achieve this greatness. TAKE IT!! Please
The cost will not be cheap but the results should justify the expenditure. Greatness always comes with a cost.

Date: 7/12/22 7:21 PM (GMT-06:00)

To: District3 <District3@mckinneytexas.org>

Subject: The SH5 and East McKinney preservation project

CITY OF MCKINNEY SECURITY NOTICE

THIS IS AN EXTERNAL EMAIL: Do not click links or open attachments from unknown sender and be sure the content is safe.

Hi Ms Feltus,

My name is Bob Bruu and my wife and I attended the public meeting tonight regarding the options being presented in the SH 5 project. We live on Hunt St in the historic district, just a couple blocks off the square. We missed seeing and meeting you tonight. I've lived in McKinney since 1996. Seen a lot of changes. Some good. Some not so much. I'm ever growing confused and frustrated by our Unique by Nature tag line as it doesn't appear that's the direction we're going. Since you represent much of the historic district I would like to know where you stand on the options and why.

We're clearly opposed to options 1 and 2. Neither do anything to preserve the district. It's another \$60m HS football stadium.

Very disappointed in how ill prepared option 3 was. Clearly not an option the council wants anyone to seriously consider. I'd like to see a common sense and practical approach. Develop a rendering with a pedestrian bridge at the very least. Some thought placed into the design. No forcing of the closing and relocation of businesses and confiscation of personal property. Pretty disingenuous to present it in the manner it was tonight.

I'd also like to understand if there's any personal relationships with the council and proposed vendors of this project. That transparency is important.

Regards,
Bob

To: Justin Beller <Justin.Beller@ifinancial.com>
Subject: Deck Park

EXTERNAL Email: Use caution when opening attachments or links from unknown senders.

Justin,

I was planning on attending the Council meeting tonight, but my wife got COVID, so I am trying to stay away from the masses.

I do have one point I would like to make at the meeting tonight. I am concerned about the safety of people trying to cross HWY 5. If we go under HWY 5 or over, we should be good but if we just do a landscaping project (option 3) I think people will get hurt or even worse.

I hope and truly believe that once TUPPS is open people will walk back and forth between downtown and the Eastside. If we are open by the end of the year what will be done to make it safe until the park is completed.

If you can, please float this by Council so my concern is voiced.

Thanks

Keith
