July. McKinney saw an increase of 4.2% compared to a 0.7% decrease for Allen, a 26.5% increase for Plano (likely related to an audit collection), and a 0.7% increase for Frisco. McKinney's year-to-date increase is 2.9%. Regarding the industry break-out, Mr. Miller shared that the retail trade category remains steady at 4% and continues to be used as a primary economic indicator. Mr. Miller noted that the audit collection related to Administrative Support, Waste Management, and Remediation had the most significant negative impact. Treasurer Wilkes asked about sales tax revenue increase for FY26. Mr. Miller confirmed that a conservative 3.5% sales tax revenue increase has been forecast. President Schneible added that the projection aligns with the City's budget. Treasurer Wilkes requested clarification on the ending fund balance and reappropriations. Once reappropriations are factored in, the ending fund balance will be approximately \$49,000,000.
