

**..Title**

Conduct a Public Hearing to Consider/Discuss/Act on a Request to Zone the Subject Property to “AG” – Agriculture District, Located on Tract 5 of the Calvin Boles Survey

**..Summary**

**COUNCIL GOAL:** Direction for Strategic and Economic Growth  
(1C: Provide a strong city economy by facilitating a balance between industrial, commercial, residential, and open space)

**MEETING DATE:** March 10, 2026

**DEPARTMENT:** Development Services - Planning Department

**CONTACT:** Jake Bennett, Planner II  
Caitlyn Strickland, AICP, Planning Manager  
Lucas Raley, AICP, CNU-A, CFM, Interim Director of Planning

**APPROVAL PROCESS:** The recommendation of the Planning and Zoning Commission will be forwarded to the City Council at the April 7, 2026 meeting.

**STAFF RECOMMENDATION:** Staff recommends approval of the proposed zoning request.

**APPLICATION SUBMITTAL DATE:** February 16, 2026 (Original Application)

**ITEM SUMMARY:** Staff is requesting to zone approximately 6 acres of land, generally for agricultural uses.

**EXISTING ZONING AND LAND USES:**

Location	Zoning District (Permitted Land Uses)	Existing Land Use
Subject Property	N/A (City of McKinney ETJ)	Undeveloped Land
North	“AG” – Agriculture District	Single-Family Residential

South	N/A (City of Fairview)	Single-Family Residential
East	“R12” – Residential District	Undeveloped Land
West	N/A (City of McKinney ETJ)	Undeveloped Land

**PROPOSED ZONING:** The applicant is requesting to zone the subject property to “AG” – Agriculture District.

The subject property is party to a pre-annexation agreement from 2016 that allows the City to annex and zone the property into the city limits after ten years.

The proposed zoning district of “AG” – Agriculture allows the property to continue operating as it currently exists, and rezoning will be required in the future for any use not permitted in the “AG” District.

The proposed zoning should not negatively impact the existing property or any neighboring properties. As such, Staff recommends approval of the proposed zoning request.

**CONFORMANCE TO THE ONE MCKINNEY 2040 COMPREHENSIVE PLAN:** A key aspect of the ONE McKinney 2040 Comprehensive Plan is to provide direction related to desired development patterns in the city and to inform decisions related to the timing and phasing of future infrastructure investments. To assist in guiding these decisions, the plan includes a set of Guiding Principles that provide overall guidance and a Preferred Scenario and Land Use Diagram that illustrates the desired development patterns in the city. The Preferred Scenario and Land Use Diagram are built upon a series of distinctive districts, each with a specific purpose, focus and market. Each district consists of a mix of placetypes that identify the predominate land uses and desired pattern of development for the district.

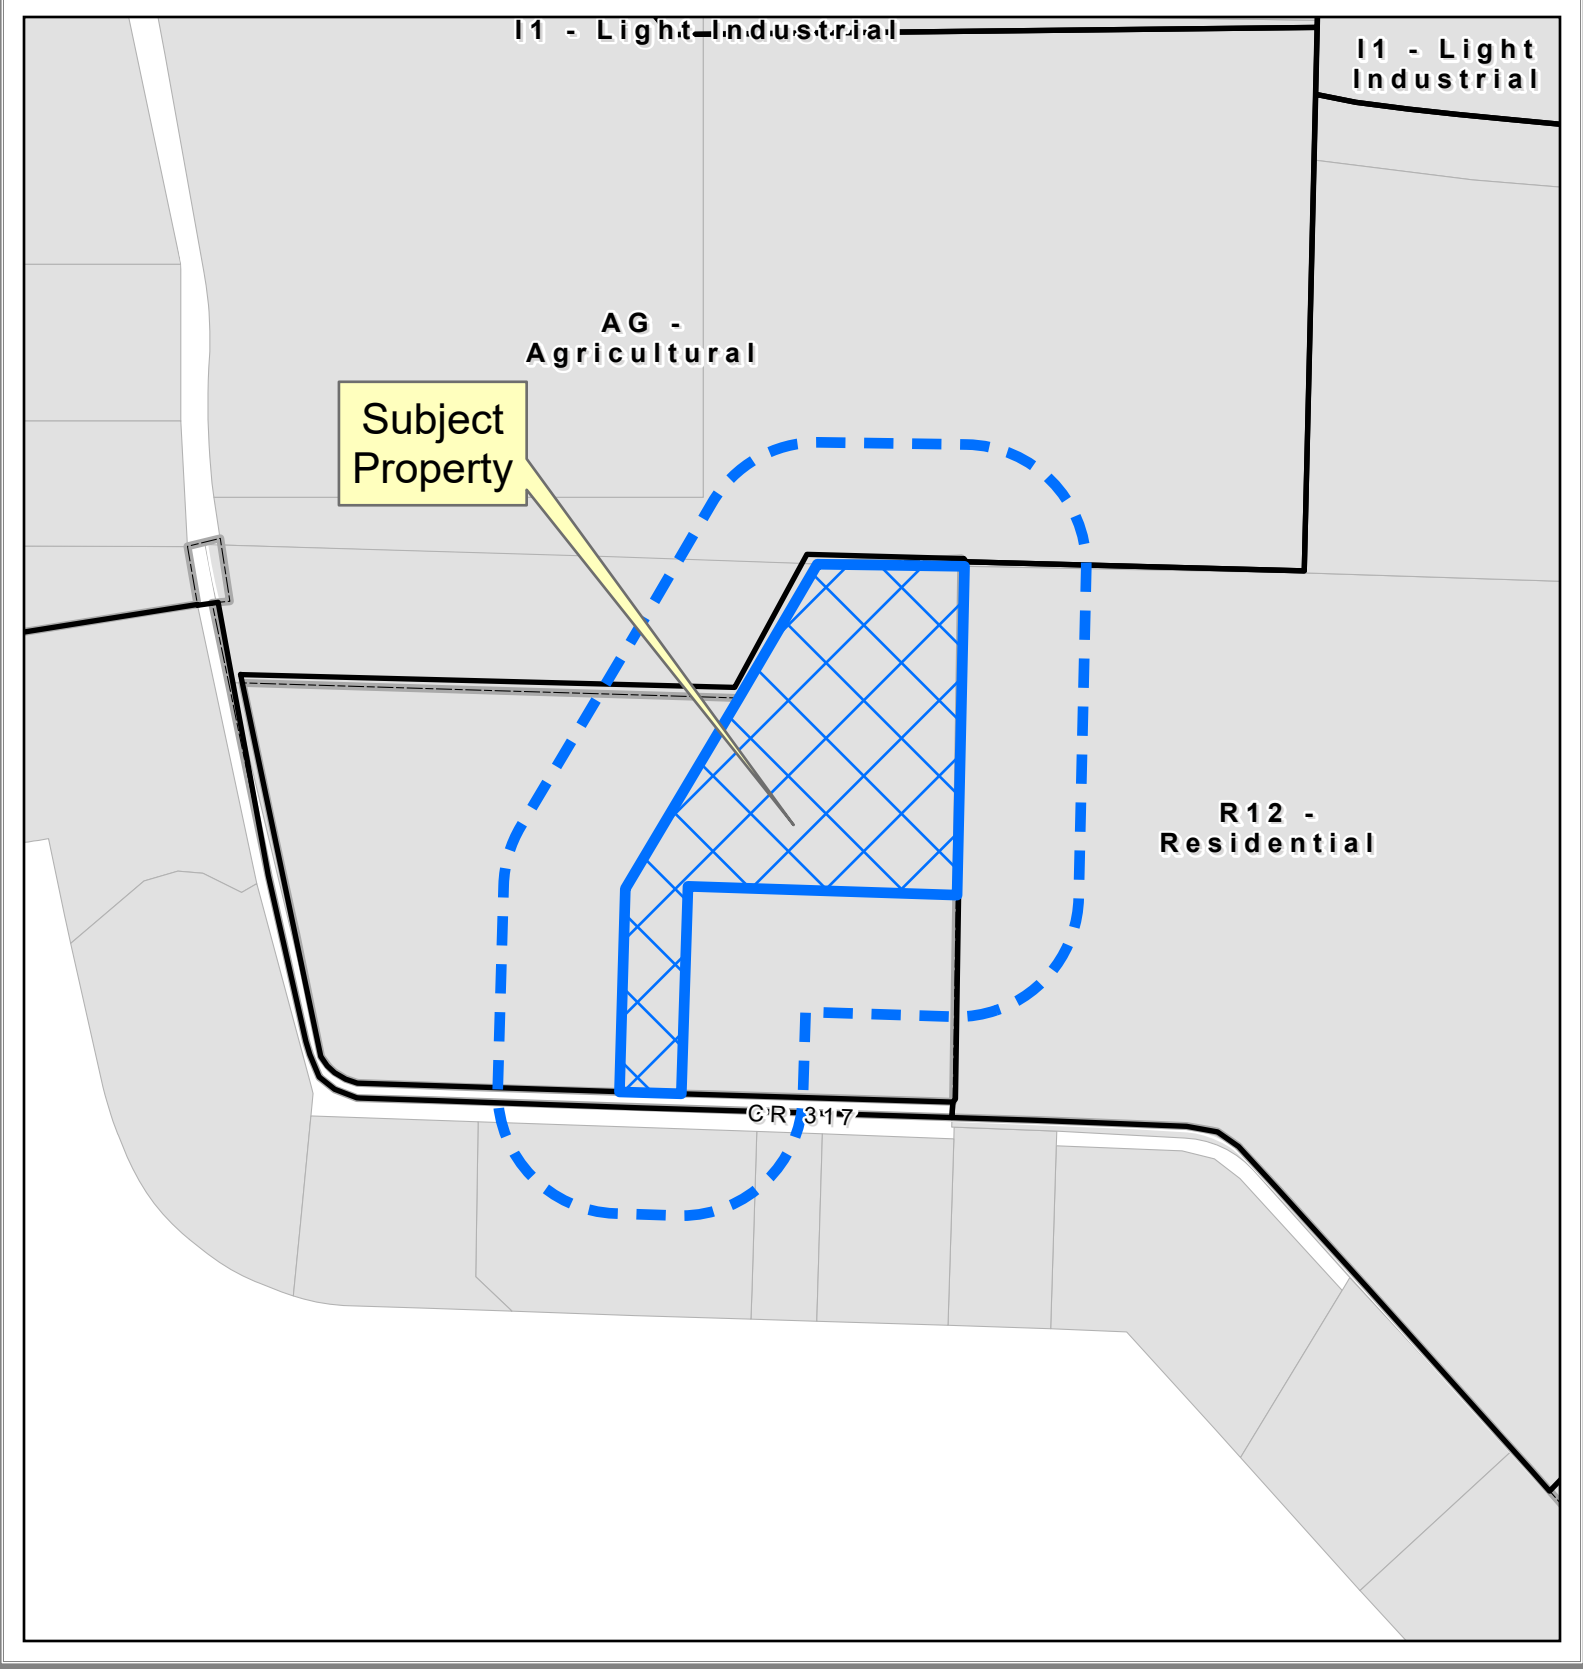

- Guiding Principles:  
The proposed rezoning request is generally in conformance with the Guiding Principle of “Diversity (Supporting our Economy and People)” established by the Comprehensive Plan. In particular, the proposed request has the potential to provide “[...] new businesses and developments that support economic engines, broaden the tax base, and make the city’s economy more adaptable and resilient.”

- Preferred Scenario and Land Use Diagram Characteristics:  
Per the Preferred Scenario and Land Use Diagram, the subject property is located in the Homestead District and is designated as the Estate Residential placetype.

**Estate Residential** includes predominately large lot single-family housing development on the urban-rural fringe. Unlike the Rural Living Placetype, home sites are typically located in a subdivision layout with access to some utility services. Residential uses are oriented interior to the site and may not have farm and livestock restrictions in more rural locations of the Placetype. Lot sizes in the Estate Residential Placetype range from ½ acre to 2 acre lots.

- Land Use Diagram Compatibility:  
When considering land use decisions, the City should determine that a project aligns with the Land Use Diagram and/or meets a majority of the plan's established criteria to be considered compatible with the Land Use Diagram. The proposed rezoning request **aligns** with the Estate Residential placetype of the Homestead District, is in conformance with the Land Use Diagram and should be compatible with the surrounding properties.

**OPPOSITION TO OR SUPPORT OF REQUEST:** Staff has received no letters of support to this request and no letters of opposition. This does not include emails or letters that may have been sent directly to members of the Council. As part of the Planning and Zoning Commission Public Hearing, Staff has not received any citizen comments through the online citizen portal.

Alignments may shift as roads are engineered and designed to accommodate floodplain areas and to meet sound engineering and urban planning principles. The Roadway lines shown on the plan are not precise (site specific) locations of future thoroughfares.

# HOMESTEAD DISTRICT

*Intent - This District provides a continued focus on the rural character and lifestyle that currently exists in the area today.*

# DESCRIPTION

This District contains agricultural uses and single family detached homes on large lots. Residents choose this area because of its estate and rural lot sizes and pastoral character. They travel to other parts of McKinney or the region for jobs and shopping. As such, the character-defining Placetype of this District is Rural Residential. Much of the area is expected to remain rural through 2040.

# MARKET ANALYSIS

The Homestead District represents the planning area's southeastern edge and pastoral lifestyle. As a fringe location within the community, and given the presence of natural open space and significant topographical features, the number of rural residential properties is expected to grow. New estate and rural homes will be located in low-intensity environments, concentrations and neighborhoods, with commercial service and employment centers aggregated in adjacent Districts to the north and west (including along the future expansion of FM 546). Complementing rural preferences among the District's residents, is the presence of the East Fork of the Trinity River which represents an opportunity to both leverage its visual

appeal and provide for enhanced trail connections within a natural amenity. Yet significantly untested in the Dallas-Fort Worth Metroplex, the Homestead and Agricultural Lifestyle Districts afford the community and region with an ideal setting for a demonstration conservation subdivision and/or "agrihood" development.

Residents of the Homestead District can be described as family-centric with a desire for access to recreational activities, both natural and man-made. The rural lifestyle afforded within the District will be the primary motivator for the individuals and families that choose to live here.

## IDENTITY, AMENITIES, & INFRASTRUCTURE

Key identity and amenity features such as gateways, trails and parks are described in detail in the City of McKinney Parks and Recreation Master Plan. Additionally, the following considerations are key to reinforcing the vision for and intent of this District.

1. Multi-purpose trails should be located along the floodplain areas of the East Fork of the Trinity River to provide non-motorized connectivity to the rest of McKinney and to the region. This District should have additional trails connecting the adjacent neighborhoods to the regional systems.
2. Transportation, water, wastewater and stormwater infrastructure in this District should maximize compatibility with the East Fork of the Trinity River and related open space amenities.
3. Mobility networks in this District should focus on providing capacity to support the residential neighborhoods desired in the area while also focusing on creating character that brands the overall Homestead District as a rural area.

## ANTICIPATED PUBLIC INVESTMENTS & INITIATIVES

The City of McKinney intends to consider the following major public investments to support the success of the Homestead District.

1. Adoption of development and design standards that retain the pastoral character of this District's rural and estate neighborhoods.
2. Investment in infrastructure appropriate to support and continue rural and estate development patterns.
3. Explore the opportunities for equestrian, hiking and similar outdoor recreational activities in the East Fork floodplain at the southerly end of the District; including partnerships with other organizations such as MISD.

The graphic that follows provides a profile of the Homestead District if the District develops as outlined above. These graphics relate to new development only.

# STRATEGIC DIRECTION

# LAND USE DIAGRAM

## DEVELOPMENT PATTERN

1. **Rural Living** is the character-defining Placetype in this District. It is intended to continue the trend of very low intensity residential or agricultural uses that currently exists in the area.

2. The **Estate Residential** Placetype is located adjacent to FM 546, and is intended to provide an appropriate transition in density from the non-residential uses located in the Business & Aviation District to the north. Adequate buffering from the future regional highways shown on the Master Thoroughfare Plan should be provided.

## 205 Use Regulations

### A. Purpose

This section identifies the land uses allowed in McKinney's zoning districts and establishes standards that apply to certain uses with unique characteristics or impacts.

### B. Table of Uses

#### 1. Explanation of Use Permission Abbreviations

##### a. Uses Permitted By-Right

"P" in a cell indicates that the use is permitted by right in the respective zoning district. Permitted uses are subject to all other applicable regulations of the Code.

##### b. Uses Permitted By-Right, in Compliance with Use-Specific Criteria

"C" in a cell indicates that the use is permitted by right in the respective zoning district, provided that it meets the additional use-specific criteria that are described in this section of this Code.

##### c. Uses Permitted by Specific Use Permit

"S" in a cell indicates that the use is permitted in the respective zoning district only if a Specific Use approval is granted pursuant to the procedure described in §203C.3, *Specific Use Permit*. Approved specific uses continue to be subject to all other applicable regulations of this Code.

##### d. Prohibited Uses

A blank cell indicates that the use is prohibited in the respective zoning district.

##### e. Accessory Uses

"A" in a cell indicates that the use is only permitted in the respective zoning district as an accessory use.

##### f. Temporary Uses

"T" in a cell indicates that the use is only permitted in the respective zoning district as a temporary use.

#### 2. Table Organization

In Table 2-26: Table of Uses, land uses and activities are classified into general use categories and specific use types based on common functional or physical characteristics. This classification provides a systematic basis for assigning present and future land uses into appropriate zoning districts. This classification does not list every use or activity that may appropriately exist within each use category.

#### 3. Use for Other Purposes Prohibited

All uses not specifically listed are prohibited and shall be unlawful unless the Director of Planning has determined an appropriate use type for the unlisted use pursuant to the procedure in §205B.4 below.

#### 4. Classification of New and Unlisted Uses

New types of land uses will develop over time and such uses may seek to locate within the City. The following procedure shall apply if an application is submitted for a use type that is not specifically listed in Table 2-26: Table of Uses. Submission and approval of such an application shall be required prior to approval of any other permit or development approval associated with the use.

##### a. Review and Approval Process

- I. The Director of Planning shall review the new and unlisted use to determine if it is materially similar to a listed use type by considering characteristics including the following: whether it includes dwellings, sales, processing, or storage; employment and operational characteristics; potential nuisances; requirements for public utilities; and transportation requirements.
- II. If the Director determines that the new and unlisted use is materially similar to a listed use type, the new and unlisted use type shall be treated as being the same as the listed use type to which it is materially similar.
- III. If the Director determines that the new and unlisted use is not materially similar to any listed use type, the application shall be forwarded to the Planning and Zoning Commission for

- recommendation and to the City Council for a decision. The referral from the Director shall include recommendations regarding the following:
- a. The zoning district(s) in which the use type should be allowed;
  - b. The parking ratio, existing or new, that should be applied to the use type;
  - c. The definition for the proposed use type; and
  - d. Any other conditions or standards that should be adopted to ensure the proper development of the use type.
- IV.** New and unlisted uses which are approved by the City Council shall be adopted by resolution until the approved new and unlisted use can be formally incorporated into this Article through the procedure outlined in §203C.1, *Code Text Amendment*.
