Mr. Jake Bennett, Planner I for the City of McKinney, explained the proposed site plan request for a proposed restaurant and retail building and an existing building located at 101 South Chestnut Street. He discussed the applicant's request for design exceptions to the "MTC" - McKinney Town Center Zoning District. Commission Member Woodruff asked about the number of proposed tenants and uses. Mr. Bennett was unsure of the

number of proposed tenants. He stated that they are proposing a restaurant component and the building would be two-story. Mr. Matthew Crittenden, MSC Architecture, 9651 Angleridge Road, Dallas, TX, explained the proposed request. He stated that their intention was to have a restaurant use with a single tenant; however, they currently do not have a specific tenant confirmed for this site. Mr. Crittenden stated that they could configure it with two tenants. Commission Member Woodruff asked how they would accommodate two tenants at the building. Mr. Crittenden discussed having multiple entrances to the building and placement of signage. Chairman Cox opened the public hearing and called for comments. Mr. Ben Griffin, 2360 County Road 722, McKinney, TX, asked questions regarding the proposed parking, awning, and utilities. On a motion by Vice-Chairman Mantzey, seconded by Commission Member Woodruff, the Commission unanimously voted to close the public hearing, with a vote of 7-0-0. Mr. Bennett stated that the alley has already been abandoned. He stated that there would be a door to the back of the building for fire access. Mr. Crittenden stated that due to the utility easement there would not be any permanent construction of an awning towards the back of the property. He discussed the alley abandonment and utilities in the easement. Commission Member Lebo had parking questions. Mr. Bennet and Mr. Crittenden explained the proposed parking changes. On a motion by Commission Member Woodruff, seconded by Commission Member Lebo, the Commission unanimously voted to approve the site plan request per Staff's recommendation, with a vote of 7-0-0.

Mr. Rob Myers, Kimley-Horn, 6160 Warren Parkway, Frisco, TX, stated that they learned yesterday that there were concerns from nearby residents; therefore, they decided to request that the item be tabled to allow

They raised concerns regarding losing the greenbelt located in the floodplain behind their homes, reduced property value, health, location of the proposed service road to the site, elementary school nearby, increase in noise, safety of the neighborhood children, screening and buffering of the utility substation, whether the proposed road would be gated, and the protest process.
