Tiffany works hard to make your stay comfortable. Spent Saturday next to the pool, reading. Fabulous! Paid to have have breakfast in bed the whole weekend. Heavenly!!! And delicious. Tiffany is capable and willing to make your stay beyond expectations. A sweet home tucked into a sweet neighborhood. Little Lending Libraries in walking distance. **Downtown McKinney has all you need if you want to stroll and pace leisurely. Texas Bee Supply recommended this bed and breakfast.** (My husband attended their bee class while I lazied by the pool.) Many thanks for their fabulous recommendation. I really hope to find a reason to return!

A beautiful stay, and the perfect getaway. Tiffany was an amazing host, and breakfast was amazing! Full of charm, art, and surrounded by antiques this bed and breakfast has it all, including a pool if you want to go for a relaxing swim. Close to all the local eateries, and attractions the Neathery is the perfect place to stay when in the area. Will definitely be staying again!

We rented the entire estate for our bridal party and groomsmen and my husband and I the weekend of our wedding and it was absolutely perfect. It was easy to find and get in. Tiffany was always communicating leading up to it on diet restrictions for breakfast and on any info we may needed. Breakfast was amazing and tasty! The rooms and beds were comfy and exactly what I was wanting. We will 100% be booking again when we get the chance and highly recommend it to anyone!

Absolutely wonderful! Our group of 8 women rented the entire house for the weekend and we were constantly delighted by the comfort, whimsy, high end amenities, attention to detail and unbelievable customer service. Tiffany has created a gem of a getaway. We would have stayed for a week given the chance. The pool and backyard oasis is so inviting, and the house so fun, it was the perfect stay for us. The breakfast was huge and delicious and we just can't say enough nice things about our visit! A must stay!

We had such a lovely stay in celebration of my birthday. We stayed in the Elissa Suite and enjoyed in suite breakfast on the patio which was exceptional. **The location is perfectly situated close to downtown McKinney with tons of food options and shopping.** We can't wait for our next stay at the Neathery!

I stayed at The Neathery Estate for 3 nights as a local getaway from the wonderful but sometimes exhausting people who live in my house. :) I chose the Magnolia Suite and I felt at home from the moment I checked in. The grounds are beautiful, the decor is sublime, the food is delicious, but the hospitality is incomparable! When I needed a place to spend some quality time resting and reflecting, The Neathery Estate was the right choice. With the proximity to Downtown McKinney, tons of choices for entertainment and food are quickly available. Tiffany is a wonderful, attentive host whose care and love of innkeeping is apparent in every way. Thank you for such an amazing place to spend some time taking care of myself!

WOW! What an amazing place to stay! The place is such a great place to stay! **My wife and I attended TMR for the third year in a row, each time renting an airBnB, they were nice places. We just didn't feel comfortable in the first two. My wife Found this wonderful and beautiful bed and Breakfast.** There is an ample amount of space for parking! Code to the gates that worked great. The yard was very well keep, and just so welcoming upon your arrival. The place was just so peaceful inside and out. We felt so safe and secure during our entire 2 night stay, Tiffany has really made the place so beautiful! Antiques though out the house. The house was nice and cool! So many little amenities to mention. One example is places on both sides of the bed for your phone chargers. A fan in the room for those who like what I call white noise. Tv with plenty of choices of channels, and the breakfast!!!! Over the top! We will return and highly recommend this oasis!

MCDC Support has played a critical role in enabling my business to grow and thrive.

Thank you.
