

APPENDIX A SCHEDULE OF FEES¹

Chapter 2. Administration.

Sec. 2-1. Fees for special services provided by public works, development services, and parks and recreation departments.

- (a) Public works department services performed for individuals as special services, either on private property or not offered as a general public service shall be charged according to the actual cost of personnel, materials, and equipment, plus an overhead and administrative expense of 40 percent of actual service costs.
- (b) The charge/fee for services of the engineering department for review of construction of municipal infrastructure items, such as roadway improvements, drainage systems, water distribution systems and wastewater collection systems shall be calculated on the basis of 3.5 percent of the valuation of the infrastructure improvement project. (The 3.5 percent total fee shall be calculated based on 3.0 percent construction inspection fee for construction services and 0.5 percent construction inspection fee for plan review services.) Subdivisions of ten or fewer residential lots under development by or for nonprofit builders of affordable housing as determined by the city housing division, or by or for the city housing finance corporation, shall be exempt from engineering inspection fees.
- (c) All persons requesting services that require one or more standard facilities agreement and/or development agreements shall be charged \$500.00 per agreement. Non-standard facilities agreements and/or development agreements shall be charged \$1,000.00 per agreement. City-initiated agreements shall have no fee.
- (d) The services of the engineering department performed during the weekend or after 5:00 p.m. on a normal business day is \$47.00 per hour with a two-hour minimum.
- (e) The charge/fee for the services of the engineering department for review of submittals for revocable license agreements regarding the limited use of city easements by the owner of the property burdened thereby for the installation or location of private improvements, such as signs, that do not interfere with the city's use of the easement shall be \$1,000.00.
- (f) The charge/fee for services of the engineering department for review of floodplain reclamation activities shall be \$3,000.00 for the initial application and document review plus one subsequent submittal and document review of amended or corrected documents responding to and addressing the engineering department's comments. The charge/fee for each subsequent submittal and review of corrected documents responding to and addressing the engineering department's comments shall be \$1,000.00 each.

Chapter 42. Fire Prevention and Protection.

Sec. 42-27. Fire Code Permit and Other Fees.

101.1 General. All fees assessed for fire code permits and other applicable fees shall be in accordance with this section.

101.2 Fire Fee. A fee shall be assessed in accordance with this section as part of the Building Permit or other reviews as required by other City Departments.

102.1.2 Base fire plan and inspection fee

Subpart B - DEVELOPMENT REGULATIONS
APPENDIX A SCHEDULE OF FEES

\$0.05 per square foot.

103.1 Application Fee. Application fees shall be assessed on all applications in accordance with this section, or as outlined in Table 107. Application fees shall be paid at the time of application.

104.1 Operational and Construction Permit Fee. Permit fees shall be assessed in accordance with this section, or as outlined in Table 107. Any operational and construction permit fees assessed shall be paid prior to the release of permit. A permit is not issued until released by the McKinney Fire Department's Fire Marshal's Office (MFD-FMO) and all fees are paid. Worked performed on systems that have not been paid in full shall be considered as *working without a permit* and subject to fees in accordance with this section, or as outlined in Table 106.

1. Applicable permit fees shall be doubled for any system required to be permitted by this code in which the installation of said fire protection system has commenced without the issuance of a permit(s); also known as "working without a permit."
2. Applicable permit fees shall be doubled for any system that has been permitted and in operation without first obtaining a final acceptance inspection from the MFD-FMO; also known as "release of system prior to approval."

105.1 Inspection Fee. Inspection fees shall be assessed in accordance with this section, or as outlined in Table 107.

1. Fee of \$100 will be assessed for any inspections in which the contractor does not show up.
2. Fee of \$100 will be assessed for any inspection that is not cancelled within 24 hours prior to the scheduled inspection.
3. Fee of \$100.00 will be assessed for any re-inspection.

106.1 Plan Review Fees. Plan review fees shall be assessed in accordance with this section, or as outlined in Table 107 of this Chapter.

1. Plan reviews (second and subsequent submittals) required by changes, additions or revisions shall be assessed a fee of \$100. No fees shall be charged for any subsequent plan review of changes, additions, or revisions to plans which plan review was initiated solely by the fire chief, or his designee, for items that the fire chief failed to identify on a previous plan review.
2. Use of outside consultants for plan review, inspections, or both: Actual costs.

107.1 Fee Table and Standard Fees. Unless stipulated elsewhere in this section, a minimum fee of \$100.00 (to include application fee) shall be assessed for any plan review and/or permits issued.

Sec. 110-395. Schedule of charges.

Surface water drainage utility system (SDUS) fee

(1) *Determination of SFLUE.*

- a. Single family residential and townhomes: One SFLUE per parcel;
- b. Duplexes and quadplexes: One SFLUE per dwelling unit.
- c. Mobile home parks: One SFLUE per each mobile home pad or trailer pad.

Subpart B - DEVELOPMENT REGULATIONS
APPENDIX A SCHEDULE OF FEES

- d. Multifamily properties: No. of SFLUE for property = Square footage of impervious surface on property/3,000 square feet, rounded up to the nearest whole number with a minimum of one SFLUE.
- e. Nonresidential, commercial and/or industrial properties: No. of SFLUE for property = Square footage of impervious surface on property/3,000 square feet, rounded up to the nearest whole number with a minimum of one SFLUE.

(2) *The system-wide component.* The monthly system-wide fee, per SFLUE for all property situated within the city shall be calculated based on the following classifications:

- a. For all residential uses including single family, townhomes, duplexes, quadplexes, mobile home parks, and multi-family properties.....\$4.00
- b. For nonresidential, commercial and/or industrial properties.....\$3.00

(3) *The lake drainage basin component.* The monthly system-wide fee, per SFLUE for all property within the city\$0.00

(4) *The preferred method for calculating the SDUS fee due and payable from a user and/or benefited property on a monthly basis is to multiply the number of SFLUE for the particular use of the property by the sum of the system wide component fee and the lake drainage basin component fee, which calculation reads as follows:*

$$\text{No. of SFLUE} \times (\text{system wide component fee} + \text{lake drainage basin fee})$$

(5) *For those properties identified hereinabove in subparagraphs (1)d. and (1)e. the following alternative calculation may be performed on a monthly basis to determine the SDUS fee due:*

$$(\text{Square footage of impervious surface}/1,000 \text{ square feet}) \times [(\text{system wide component fee} + \text{lake drainage basin fee})/3], \text{ rounded up to the nearest whole number.}$$

(6) *The amount of the SDUS fee billed to a nonresidential, commercial or industrial property may be reduced by a percentage equal to the BMP credit approved for the property pursuant to the city's stormwater credit program.*

(Ord. No. 2015-04-030, § 9, 4-7-2015; Ord. No. 2022-11-131, § 7(Exh. F), 11-15-2022)
