Guided by a City Council-appointed board of seven McKinney residents, the impact of investments made by MCDC can be seen throughout the community.

Projects grants are considered only if eligible for funding authorized under The Development Corporation Act and Chapters 501 to 505 of the Texas Local Government Code.

This request is for partial funding for 2 projects:

Project #1: replacement of an historic chimney on the Faires House, c. 1854 - the oldest standing home in McKinney. The Greek Revival Faires residence was built on Tennessee Street. Mr. Faires, a blacksmith by trade, came to Texas from Tennessee. The "dog trot" style house boasts the original front door made by Mr. Faires himself. When the home was moved to Chestnut Square, 2 civil war era bullets were discovered lodged in the foundation posts.

When the Faires House stood a block from Chestnut Square on Tennessee St, it had three fireplaces; 2 opposite each other in the front rooms – the parlor and bedroom, and one in the kitchen. The bedroom, on the west side of the home, lost its fireplace in the move to Chestnut Square

Our goal is to help celebrate the 50th year of the Heritage Guild of Collin County by replacing this fireplace/chimney on the oldest home in McKinney. Many of the guild members and stakeholders who came before us would (or will!) be so pleased to see this project come to life.

We have a bid for \$32,750 for labor for this project. It will require not only a brick mason but one familiar with historic properties. We have most of the façade brick (historic) donated – we will just need fire brick for the interior. Noted historic preservation architect James West will oversee this project.

Mr. West has been affiliated with Chestnut Square since its inception when he was fresh out of college. He was instrumental in the relocation of the Faires House to the property. It is the goal of our board and staff to honor him in this way.

We have partial funding of \$12,000 from the Summerlee Foundation and the Texas Historical Foundation which we think will cover the materials and part of the labor. This request for \$25,000 will cover 76% of the estimated cost (as we know it today).

Project #2: replacing 11 often used and exposed porches on 6 buildings with weather and insect resistant man-made materials. Although double the cost of using wood, TREX (or similar fabric) will last far longer with less maintenance and fewer repairs. It comes in many colors/finishes and can match our existing buildings.

Our goal is to replace the The Dulaney House back porch (exposed to the weather); the Faires front and side porches; the Chapel front porch, side porch and ramp; the Dixie's Store front and back porches; Dulaney Cottage front porch and ramp; and the Johnson House front and side porches. Each of these porches and stairs are used multiple times per week, on tours, for weddings, rentals and/or special events.

We do not have a cost estimate for labor at this time (extremely difficult to find someone to do this "small" job) – we priced the materials and then estimated for labor and other challenges (like supporting structure damage). Our facilities team will manage this project, which has been approved by Mr. West.

Our *very rough* estimate is \$5,000 per porch/ramp, totaling \$55,000. We are asking for 45% of the funds, \$25,000. We have asked another prospective partner for \$25,000. Whether we get \$50,000, or \$25,000, or less - we will prioritize the need, and do the most visible, high traffic and necessary structures first until we run out of funds.

Total estimate of both projects = \$87,750
Total request of \$50,000 = 56.9% of project costs

Notes:

The Bevel House project ran \$34,373 over budget which we self-funded, and the project is still not finished. We have parted ways with the contractor, (Dec 2022), and are operating under a temporary CO.

We've used \$27,853 of city's \$50,000 funds for maintenance and repair items

- Additional landscaping & grounds work
- Additional deep clean of structures, including power wash exterior
- \$750 garden extras
- Maintenance contract labor expense
- HVAC maintenance contract
