Good afternoon, Mrs. Sheffield

I realize that I made an error in the spelling of your name in your address and therefore you did not receive the Denial request of the annexation of the above mentioned property.

The denial at this time is based on the fact that we had two very nice contracts canceled because the developers could not go on with their projects if the property was annexed into the City.

In 2019, HB 347 was passed in Texas, so why is this annexation so forced. We would appreciate it if the property would be left as an AG for the time being and zoned for a minimum of 40' lots, plus it looks that we need help with the seward connection of this property.

Would you please be so kind as to put this denial request of the annexation of this property into the City's corporate limits at this time, on record.

Lomidusia S.A.
