**Sostenuto exists to inspire, educate, and support a community of individual singers into one united voice, providing high quality choral programs to North Texas.**

Sostenuto is located in McKinney, Texas, and desires to join local singers together in a supportive vocal family, combining individual talents to collectively bring memorable moments of high quality to the community through the medium of choral music.

We welcome adults of all ages seeking others with a shared love of singing. Our members are from all walks of life and join together weekly to rehearse repertoire from a variety of musical genres...

**Musical and artistic growth, excellence in performance, and providing a loving, supportive environment are major components of our organization.**
