

Appendix 2A: Approved Plant List

A. Plants Approved for Meeting Landscaping Requirements

The following lists of plant materials are allowed to satisfy the landscape requirements and tree preservation ordinance of this ordinance. Drought tolerant plants are encouraged and listed below in **bold**. Trees not specifically listed, including cultivars, may be utilized to meet landscaping requirements with approval from the Director of Planning. Alternate plant species may be approved if the Director of Planning finds that they are not prone to major diseases or pests, will be compatible with the local climate, and are appropriate for the McKinney area. Artificial plants or turf are expressly prohibited.
