### Comments

As homeowners that would be directly impacted by this homeless shelter we are not very happy to see a non-residential development move in. Our concerns are about the safety and security of our family and property. We do not feel that an addition of a homeless shelter would help to increase our property values. As a neighborhood Trinity Heights has been consistently overlooked by the city of McKinney both in planning and development. We are surrounded by warehouses (both occupied and unoccupied), adding a homeless shelter next to our neighborhood will not help our property value or

---

sense of security. We wish the city of Mckinney would try to encourage residential single family home development rather than homeless shelters and warehouses. We suggest you look at the west side of McKinney for a different location for this homeless shelter. Again we want to emphasize our disappointment in having a homeless shelter built next to our neighborhood.

### Comments

I am strongly opposed to the zoning change that would allow for Shiloh Place to be constructed next to my house along highway 5. I am concerned with the fact that displaced mothers from unstable relationships could potentially bring with them unruly children and unwanted domestic disputes from the fathers. This property will essentially be in my own back yard, and kids can act out. Kids without stable homes and authority will act out more often. I also am not a big fan of the construction of an apartment style-multi story, multi room

---

facility directly behind my dwelling, I fear that this would lower my property value and reduce the feelings of living in a safe/happy neighborhood.
