

## **INTENT TO PIGGYBACK OFF COOPERATIVE PROCUREMENT**

### **Buyboard Contract #648-21**

This agreement ("the Agreement") is hereby made as of the last signature date below, by the City of McKinney by and through its Police Department ("Agency") and Axon Enterprise, Inc. ("Axon"). Collectively, Agency and Axon are the "Parties."

WHEREAS, the Agency desires Axon to provide certain products and services as described on Quote **Q-450676**; and

WHEREAS, Axon is a party to Contract No. **648-21** with The Local Government Purchasing Cooperative ("BuyBoard") dated 10/1/2021, related to "Law Enforcement Body Cameras, Supplies, and Equipment" and BuyBoard Proposal No. **698-23** related to "Public Safety and Firehouse Supplies and Equipment" (the "Buyboard Contract"), which is incorporated herein by reference; and

WHEREAS, Axon has agreed to provide goods and services within the scope of the Buyboard Contract to the Agency at the same prices chargeable to Buyboard; and

WHEREAS, the goods and/or services required by the Agency and that the Agency seeks to obtain from Axon are within the scope of the Buyboard Contract; and

WHEREAS, it is the purpose of this Agreement to describe the formal rights and obligations of the parties;

NOW, THEREFORE, WITNESSETH that, for the consideration herein indicated, and in consideration of the mutual promises and covenants set forth in this Agreement, the Parties Agree as follows:

1. The Parties intend to utilize the Buyboard Contract for the goods and services detailed in Quote Q-450676 (the "Quote") attached hereto as Exhibit A.
2. Agency Warranty. Agency warrants and acknowledges that TASER 10 is classified as a firearm and is being acquired for official Agency use pursuant to a law enforcement agency transfer under the Gun Control Act of 1968.
3. The term of this Agreement shall begin upon the date of last signature and shall continue until all the expiration of the term specified within the Quote. In the event the term of the subscriptions extends past the termination or expiration of the Buyboard Contract, the terms and conditions of the Buyboard Contract shall remain in full force and effect as it applies to the Quote and will continue in effect for such order until the term of that Quote expires or the order is cancelled or terminated in accordance with the terms of this Agreement.
4. The Parties hereby acknowledge that this Agreement is being executed prior to any funds being allocated for the goods and services to be rendered by Axon as a part of the BuyBoard Contract and Axon understands and agrees that neither this Agreement nor the BuyBoard Contract obligates Agency to allocate any funding at any point in the future for goods and services contemplated in either this Agreement or the BuyBoard Contract. Should Agency fail to allocate the necessary funds for the next fiscal year beginning October 1, 2023, both this Agreement and the BuyBoard Contract shall terminate as between the Parties.

This Agreement, together with Buyboard Contract #648-21, constitutes the entire agreement between the parties relating to the subject matter of this Agreement. All prior understandings, agreements, correspondence and discussions of the parties are merged into and made a part of this agreement. To the extent that the terms of the documents conflict, the terms of this Agreement shall control.

This Agreement may be executed by the Parties by facsimile and in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

## **FLEET STATEMENT OF WORK BETWEEN AXON ENTERPRISE AND AGENCY**

### **Introduction**

This Statement of Work ("SOW") has been made and entered into by and between Axon Enterprise, Inc. ("AXON"), and the City of McKinney by and through its Police Department ("AGENCY") for the purchase of the Axon Fleet in-car video solution ("FLEET") and its supporting information, services and training. (AXON Technical Project Manager/The AXON installer)

### **Purpose and Intent**

AGENCY states, and AXON understands and agrees, that Agency's purpose and intent for entering into this SOW is for the AGENCY to obtain from AXON deliverables, which used solely in conjunction with AGENCY's existing systems and equipment, which AGENCY specifically agrees to purchase or provide pursuant to the terms of this SOW.

This SOW contains the entire agreement between the parties. There are no promises, agreements, conditions, inducements, warranties or understandings, written or oral, expressed or implied, between the parties, other than as set forth or referenced in the SOW.

### **Acceptance**

Upon completion of the services outlined in this SOW, AGENCY will be provided a professional services acceptance form ("Acceptance Form"). AGENCY will sign the Acceptance Form acknowledging that services have been completed in substantial conformance with this SOW and the Agreement. If AGENCY reasonably believes AXON did not complete the professional services in conformance with this SOW, AGENCY must notify AXON in writing of the specific reasons within seven (7) calendar days from delivery of the Acceptance Form. AXON will remedy the issues to conform with this SOW and re-present the Acceptance Form for signature. If AXON does not receive the signed Acceptance Form or written notification of the reasons for rejection within 7 calendar days of the delivery of the Acceptance Form, AGENCY will be deemed to have accepted the services in accordance to this SOW.

### **Force Majeure**

Neither party hereto shall be liable for delays or failure to perform with respect to this SOW due to causes beyond the party's reasonable control and not avoidable by diligence.

### **Schedule Change**

Each party shall notify the other as soon as possible regarding any changes to agreed upon dates and times of Axon Fleet in-car Solution installation to be performed pursuant of this Statement of Work.

### **Axon Fleet Deliverables**

Typically, within (30) days of receiving this fully executed SOW, an AXON Technical Project Manager will deliver to AGENCY's primary point of contact via electronic media, controlled documentation, guides, instructions and videos followed by available dates for the initial project review and customer readiness validation. Unless otherwise agreed upon by AXON, AGENCY may print and reproduce said documents for use by its employees only.

### **Security Clearance and Access**

Upon AGENCY's request, AXON will provide the AGENCY a list of AXON employees, agents, installers or representatives which require access to the AGENCY's facilities in order to perform Work pursuant of this Statement of Work. AXON will ensure that each employee, agent or representative has been informed or and consented to a criminal background investigation by AGENCY for the purposes of being allowed access to AGENCY's facilities. AGENCY is responsible for providing AXON with all required instructions and documentation accompanying the security background check's requirements.

### **Training**

AXON will provide training applicable to Axon Evidence, Cradlepoint NetCloud Manager and Axon Fleet application in a train-the-trainer style method unless otherwise agreed upon between the AGENCY and AXON.

### **Network**

AGENCY is responsible for making certain that any and all network(s) route traffic to appropriate endpoints and AXON is not liable for network breach, data interception, or loss of data due to misconfigured firewall settings or virus infection, except to the extent that such virus or infection is caused, in whole or in part, by defects in the deliverables.

### **Cradlepoint Router**

When applicable, AGENCY must provide AXON Installers with temporary administrative access to Cradlepoint's NetCloud Manager to the extent necessary to perform Work pursuant of this Statement of Work.

### **Evidence.com**

AGENCY must provide AXON Installers with temporary administrative access to Axon Evidence.com to the extent necessary to perform Work pursuant of this SOW.

### **Wireless Upload System**

If purchased by the AGENCY, on such dates and times mutually agreed upon by the parties, AXON will install and configure into AGENCY's existing network a wireless network infrastructure as identified in the AGENCY's binding quote based on conditions of the sale.

### **VEHICLE INSTALLATION**

### **Preparedness**

On such dates and times mutually agreed upon by the parties, the AGENCY will deliver all vehicles to an AXON Installer less weapons and items of evidence. Vehicle(s) will be deemed 'out of service' to the extent necessary to perform Work pursuant of this SOW.

### **Existing Mobile Video Camera System Removal**

On such dates and times mutually agreed upon by the parties, the AGENCY will deliver all vehicles to an AXON Installer which will remove from said vehicles all components of the existing mobile video camera system unless otherwise agreed upon by the AGENCY.

Major components will be salvaged by the AXON Installer for auction by the AGENCY. Wires and cables are not considered expendable and will not be salvaged. Salvaged components will be placed in a designated area by the AGENCY within close proximity of the vehicle in an accessible work space.

Prior to removing the existing mobile video camera systems, it is both the responsibility of the AGENCY and the AXON Installer to test the vehicle's systems' operation to identify and operate, documenting any existing component or system failures and in detail, identify which components of the existing mobile video camera system will be removed by the AXON Installer.

### **In-Car Hardware/Software Delivery and Installation**

On such dates and times mutually agreed upon by the parties, the AGENCY will deliver all vehicles to an AXON Installer, who will install and configure in each vehicle in accordance with the specifications detailed in the system's installation manual and its relevant addendum(s). Applicable in-car hardware will be installed and configured as defined and validated by the AGENCY during the pre-deployment discovery process.

If a specified vehicle is unavailable on the date and time agreed upon by the parties, AGENCY will provide a similar vehicle for the installation process. Delays due to a vehicle, or substitute vehicle, not being available at agreed upon dates and times may result in additional fees to the AGENCY. If the AXON Installer determines that a vehicle is not properly prepared for installation ("Not Fleet Ready"), such as a battery not being properly charged or properly up-fit for in-service, field operations, the issue shall be reported immediately to the AGENCY for resolution and a date and time for the future installation shall be agreed upon by the parties.

Upon completion of installation and configuration, AXON will systematically test all installed and configured in-car hardware and software to ensure that ALL functions of the hardware and software are fully operational and that any deficiencies are corrected unless otherwise agreed upon by the AGENCY, installation, configuration, test and the correct of any deficiencies will be completed in each vehicle accepted for installation.

Prior to installing the Axon Fleet camera systems, it is both the responsibility of the AGENCY and the AXON Installer to test the vehicle's existing systems' operation to identify, document any existing component or vehicle systems' failures. Prior to any vehicle up-fitting the AXON Installer will introduce the system's components, basic functions, integrations and systems overview along with reference to AXON approved, AGENCY manuals, guides, portals and videos. It is both the responsibility of the AGENCY and the AXON Installer to agree on placement of each components, the antenna(s), integration recording trigger sources and customer preferred power, ground and ignition sources prior to permanent or temporary installation of an Axon Fleet camera solution in each vehicle type. Agreed placement will be documented by the AXON Installer.

AXON welcomes up to 5 persons per system operation training session per day, and unless otherwise agreed upon by the AGENCY, the first vehicle will be used for an installation training demonstration. The second vehicle will be used for an assisted installation training demonstration. The installation training session is customary to any AXON Fleet installation service regardless of who performs the continued Axon Fleet system installations.

The customary training session does not 'certify' a non-AXON Installer, customer-employed Installer or customer 3rd party Installer, since the AXON Fleet products does not offer an Installer certification program. Any work performed by non-AXON Installer, customer-employed Installer or customer 3rd party Installer is not warrantied by AXON, and AXON is not liable for any damage to the vehicle and its existing systems and AXON Fleet hardware.
