Why we need Polaris Sportsman X2 570

PS X2 570 and its trailer accessory would be transformative for MPF efforts, enabling efficient transport of materials, tools and volunteers to remote areas, while also streamlining critical tasks such as removing debris, erosion control and infrastructure repair.

Requested ATV can maneuver through the wooded paths to deliver volunteers/equipment to work areas.

Requested ATV includes a winch which is a critical tool for clearing fallen trees on tight trails.

The advanced features and innovative design of the Polaris Sportsman X2 provide a tailored solution to Erwin Park's unique maintenance challenges from rugged wooded areas to confined creek crossings.

Summary

The McKinney Parks Foundation respectfully requests that the MCDC continues their very generous support of the MPF's efforts with a project grant of \$20,000 to purchase the 2025 Polaris Sportsman X2 570 and Bosski 1600 utility trailer.
