Re: The Harbor at Adriatica Master Condo Association Loan Agreement (No. 25-12)

This letter is to respectfully request an extension of the referenced agreement term due to unexpected delays in obtaining the permit and completing the pipe fabrication. Please extend the term of the Agreement to December 31, 2026, to allow our project to continue and to provide sufficient time for the Fire Marshal to inspect each floor and for us to address any issues identified during those inspections. We sincerely appreciate the Board's support of this critical project.

Best regards,
