Danielle Quintanilla, Planner I

RECOMMENDED CITY COUNCIL ACTION: Staff recommends approval of the proposed rezoning request.

ITEM SUMMARY: The applicant is requesting to rezone approximately 2.37 acres of land from "PD" - Planned Development District and "REC" - Regional Employment Center Overlay District to "C1" - Neighborhood Commercial District, generally for commercial uses.

APPLICATION SUBMITTAL DATE: July 14, 2017 (Original Application)
August 3, 2017 (Revised Submittal)

ZONING:

Location	Zoning District (Permitted Land Uses)	Existing Land Use
Subject Property	"PD" - Planned Development District Ordinance No. 2002-05-038 (Commercial Uses) and "REC" - Regional Employment Center Overlay District	Undeveloped Land
North	"PD" - Planned Development District Ordinance No. 2002-05-038 (Single Family Residential Uses) and "REC" - Regional Employment Center Overlay District	Village Park Subdivision
South	"PD" - Planned Development District Ordinance No. 2015-10-088 (Single Family Residential Uses), "REC" - Regional Employment Center Overlay District and "CC" - Corridor Commercial Overlay District	Undeveloped Land
East	"PD" - Planned Development District Ordinance No. 2002-05-038 (Single Family Residential Uses) and "REC" - Regional Employment Center Overlay District	Village Park Subdivision
West	"PD" - Planned Development District Ordinance No. 2013-03-028 (Single Family Residential Uses) and "REC" - Regional Employment Center Overlay District	Undeveloped Land

PROPOSED ZONING: The applicant is requesting to rezone the subject property to "C1" - Neighborhood Commercial District, generally for low intensity commercial uses. The governing zoning ("PD" - Planned Development District Ordinance No. 2002-05-038 and "REC" - Regional Employment Center Overlay District) primarily allows for retail uses developed in an urban form, with a greater rear yard setback to allow for parking in the rear and for the building to front the street. The applicant has indicated the potential for the property to develop for commercial uses; however, would like to develop in a suburban form with parking in the front and the building set back from the street.

Within the last year, three rezoning requests to rezone to "C1" - Neighborhood Commercial District were approved near the intersection of Lake Forest Drive and Collin McKinney Parkway, approximately 1,000 feet east of the subject property. It is Staff's professional opinion the rezoning request will remain compatible with the adjacent residential uses and will complement the planned commercial uses. As such, Staff recommends approval of the proposed rezoning request.

CONFORMANCE TO THE COMPREHENSIVE PLAN: The Future Land Use Plan (FLUP) designates the subject property for residential uses. The FLUP modules diagram designates the subject property as Urban Mix within a significantly developed area. The Comprehensive Plan lists

factors to be considered when a rezoning request is being considered within a significantly developed area:

- Comprehensive Plan Goals and Objectives: The proposed rezoning request is generally in conformance with the goals and objectives of the Comprehensive Plan. In particular, the proposed zoning change would help the community attain the goal of “Economic Development Vitality for a Sustainable and Affordable Community” by creating a “balanced development pattern”.

IMPACT ON SUBJECT AND SURROUNDING PROPERTIES:

- Impact on Infrastructure: The proposed rezoning request should have a minimal impact on the existing and planned water, sewer and thoroughfare plans in the area.
- Impact on Public Facilities/Services: The proposed rezoning request should have a minimal impact on public services, such as schools, fire and police, libraries, parks and sanitation services.
- Compatibility with Existing and Potential Adjacent Land Uses: The proposed rezoning request will not alter the land use from what has been planned for the subject property and should remain compatible and complement the surrounding properties.
- Land Use and Tax Base Summary: Module 13 is currently comprised of approximately 53.9% residential uses and 46.1% non-residential uses (including institutional and agricultural uses). The proposed rezoning request will have no impact on the anticipated land uses in this module. Estimated tax revenues in Module 13 are comprised of approximately 80.4% from residential uses and 19.6% from non-residential uses. Estimated tax revenues by type in Module 13 are comprised of approximately 87.6% ad valorem taxes and 12.4% sales and use taxes.
- Concentration of a Use: The proposed rezoning request should not result in an over concentration of commercial land uses in the area.

OPPOSITION TO OR SUPPORT OF REQUEST: Staff has received no comments or phone calls in support of or opposition to this rezoning request.

BOARD OR COMMISSION RECOMMENDATION: On August 22, 2017 the Planning and Zoning Commission voted 5-2-0 to recommend approval of the proposed rezoning request.
