Update on Affordable Housing Development through a Public/Private Partnership with the McKinney Housing Finance Corporation and NRP Group

**COUNCIL GOAL:** Enhance the Quality of Life in McKinney

**MEETING DATE:** May 7, 2019

**DEPARTMENT:** Housing & Community Development

**CONTACT:** Janay Tieken, Housing & Community Development Manager  
Cristel Todd, Affordable Housing Administrator

### ITEM SUMMARY:

- The Target Area for the Development, outlined in the RFQ, was all census tracts west of Hwy 75
- Staff direction narrowed potential sites to those that conform to the recently approved Comprehensive Plan
- Potential sites were further constrained as the Difficult Development Area (DDA) in McKinney decreased in size after the issuance of the RFQ
- DDAs defined by HUD, with high land, construction and utility costs relative to the area median income and are based on a number of other factors
- The current DDA is south of Virginia, west of 75, north of 121 and east of Custer
- The development is not required to be in a DDA but finding a suitable site within a DDA qualifies the project for additional tax credits, thereby reducing funding gaps
- This is especially important in McKinney where land values are high
- The DDA is set by HUD and can vary from year to year; the city has no control over DDAs
- Two potential locations for the development have been identified
- These sites are in the DDA and the target area outlined in the RFQ
- Based on MHFC consensus staff directed the developer to move forward with contracts and

site plans. Other potential sites haven't been ruled out.

- The Development Agreement between the MHFC and NRP Group, setting forth the terms of the public/private partnership, is expected to be presented to City Council for final approval within the next two months
