BACKGROUND INFORMATION:

- Support for affordable housing is a strategic priority of the MCDC board of directors.
- In 2018, the city's building codes were updated and included the addition of the 2015 International Property Maintenance Code (IPMC). The IPMC regulates the minimum maintenance for existing buildings. Enforcement began March 29, 2019.
- Historically, code enforcement focused on violations around the home such as: high weeds and grass; trash/limbs debris on the property; junk vehicles, etc.
- With the addition of IPMC, enforcement will also include maintenance of the home such as: broken windows; peeling paint; dilapidated roof; failing foundations, etc.

FINANCIAL SUMMARY:

- The request was eligible for MCDC consideration under Section 505.153 of the Texas Local Government Code - Projects Related to Affordable Housing.
