MEETING DATE: June 14, 2022

STAFF RECOMMENDATION: Staff recommends approval of the proposed conveyance plat with the following condition:

1. The items currently marked as “not met” on the attached Conditions of Approval Summary be satisfied prior to issuing final approval and/or filing of the plat for record.

In order to receive final approval of the plat, the applicant has the opportunity to make one resubmittal which corrects the items currently not in conformance.

ITEM SUMMARY: The applicant is proposing to subdivide approximately 53.435 acres into 2 lots, Lot 2R1 (approximately 39.359 acres) and Lot 4 (approximately 14.076 acres).

The approval of the conveyance plat authorizes the recordation and conveyance of the parcel(s) created thereon, but does not authorize any type of development on the property. The applicant and future owner(s) of the property remain obligated to comply with all provisions of the Subdivision

Ordinance upon future development of the property including, but not limited to, all platting requirements, required public improvements, utility extensions, street improvements, right-of-way and easement dedications, and all other applicable requirements of the Subdivision Ordinance. The submission and approval of a conveyance plat does not vest any rights in the property.

Because Conveyance Plats are not for development purposes, a standard conditions checklist is not required.

APPLICATION SUBMITTAL DATE: May 16, 2022 (Original Application)

APPROVAL PROCESS: The Planning and Zoning Commission is the final approval authority for the proposed conveyance plat.
