### RECOMMENDED CITY COUNCIL ACTION:

- Approve the ordinance.

### ITEM SUMMARY:

- This agenda item discusses the impact of increasing the tax exemption for residents over age 65 and the disabled.
- For every \$5,000 increase in exemption, eligible homeowners will pay \$25 less in taxes at current tax rate.
- For every \$5,000 increase in exemption, non-eligible homeowners will pay \$2.80 more in taxes at current tax rate.
- At current exemption level of \$65,000, non-eligible homeowners pay \$36 more in taxes per year at current tax rate.

### BACKGROUND INFORMATION:

- The homestead exemption for residents over age 65 and the disabled was increased in 2018 to \$65,000 (current exemption), and in 2017 to \$60,000. Prior to that, the exemption for residents over 65 had been \$50,000 since 2005, with the exemption for disabled residents added in 2006. Between 1999 and 2005, the exemption was \$30,000. Before 1999, the

exemption was \$4,500 since 1979.

- When compared with other area cities, exemptions range from \$30,000 to \$100,000.
- The county appraisal district must receive notice of adoption from the City before July 1 in order for the increase to be effective October 1 for 2022 taxes.

**FINANCIAL SUMMARY:**

- Based on the current tax rate and the current number of households claiming the over 65 and disabled exemption, the potential reduction in revenue for every \$5,000 increase in exemption is approximately \$231,000.
