**MEETING DATE:** November 3, 2022

**DEPARTMENT:** Planning Department - Development Services

**CONTACT:** Cassie Bumgarner, Historic Preservation Planner  
Paula Jarrett Nasta, AIA, Planning Manager

### RECOMMENDED BOARD ACTION:

- Staff recommends approval of the request.

### ITEM SUMMARY:

- The applicant requests approval of a Level 2 (Rehabilitation Level) HNIZ Program tax exemption for the property located at 304 S. Waddill Street.
- To be eligible for a tax exemption incentive under the HNIZ Program, residential properties must meet the minimum eligibility requirements of the program, along with specific criteria for the requested incentive level.
- Staff has reviewed the request and has found that it meets the minimum eligibility requirements of the HNIZ Program for a Level 2 (Preservation Level) exemption.
- Specifically, the criteria for a Level 2 Rehabilitation incentive are as follows:
  - The residential structure is at least 40 years old.

- The home was built in 1935.
- The owner receives a letter of eligibility from the City of McKinney verifying that proposed improvements qualify for a rehabilitation incentive.
  - Although a letter of eligibility was not issued before the work commenced, the property owner had verified that the work was appropriate and eligible. Because the program was not accepting new applications, a formal Letter of Eligibility was not issued. However, the homeowner had received an approved Certificate of Appropriateness for the rehabilitation of the property prior to commencing the work.
    - The approved COA application included siding repairs, roofing replacement, rebuilding the chimney, an addition to the rear and a detached garage.
- No later than 12 months following the issuance of the letter of eligibility, the owner completes, or causes to be completed, verified, eligible improvements having a combined cost of at least \$10,000.
  - The applicants did the following eligible work, which exceeds \$10,000 within the last year:
    - HVAC installation (\$11,973.75)
    - Roofing (\$1,460.29)
    - Sanitary sewer line replacement (\$3,375.00)
    - Structural repair (\$3,500.00)
    - Painting (\$2,100)

#### **BACKGROUND INFORMATION:**

- The Historic Neighborhood Improvement Zone (HNIZ) Program was established in 2008 for the purpose of preserving the city's unique and historic neighborhoods while encouraging property owners to maintain and/or rehabilitate residential properties and structures.
- The HNIZ Program includes a three-tiered incentive structure whereby residential properties that meet specified criteria are eligible to receive ad valorem tax exemptions on city taxes for a designated period of time.
- To be eligible for an HNIZ Program incentive, the following minimum general requirements apply:
  - The property shall be located within the HNIZ Program area.
  - The property shall be owner-occupied and shall maintain a homestead exemption from the Collin Central Appraisal District for the life of the incentive period.
  - Verified, eligible improvements shall have received all necessary permits and approvals, including COAs.
  - The structure, accessory structures, grounds, property elements and building elements with their materials and finishes have been maintained in good repair and in operable condition.
  - There are no pending code violations.

- The total ad valorem taxes owed to the city must be current and paid on time.

**FINANCIAL SUMMARY:**

- A Level 2 (Rehabilitation Level) incentive carries a 50% exemption from city ad valorem taxes for a period of ten years.
- In order to limit potential budgetary concerns, the HNIZ Program has an annual aggregate cap of \$500,000 for the total amount of city ad valorem taxes that can be exempted in any budget year.
- Per Collin County Tax Assessor, ad valorem taxes for this property in 2021 were approximately \$1,622.42.
