**ITEM SUMMARY:** The applicant is proposing to plat approximately 4.074 acres as Lot 1, Block A of BWB 168 for development in the City of McKinney's Extraterritorial Jurisdiction (ETJ). The City has the authority to regulate subdivisions and platting within the ETJ in accordance with Chapter 212 of the Texas Local Government Code and Chapter 142 (Subdivision Regulations) of the City of McKinney Code of Ordinances.

- The applicant has indicated to Staff the desire to not construct or escrow for the public improvements associated with the property and required by the Subdivision Regulations.
- Chapter 212 does not authorize the City to regulate land use within the ETJ; however, it does authorize the City to enter into a Development Agreement with a property owner regarding the provision of infrastructure and land use, among other things.
- Given the fact that the Texas Local Government Code does not authorize the City to regulate land uses in the ETJ, if the applicant were required to extend public improvements to and through the property as required by the Subdivision Ordinance, it may open up other ETJ properties for development which may not be consistent with the vision outlined by the City's Comprehensive Plan. For this primary reason, Staff is comfortable supporting the requested variances and entering into a Facilities Agreement which suspends the requirement to construct the public improvements referenced herein and as required by the Subdivision Regulations so long as the property is only used for the purposes outlined in the agreement.

**APPROVAL PROCESS:** The Planning and Zoning Commission is the approval authority for the

proposed plat. To receive final approval of the plat, the applicant has the opportunity to make one resubmittal which addresses all items listed above.

**OPPOSITION TO OR SUPPORT OF REQUEST:** Staff has received no comments in support of or opposition to this request.
