

CITY OF MCKINNEY, TEXAS

Legislation Text

File #: 24-0128Z2, Version: 1

Conduct a Public Hearing to Consider/Discuss/Act on a Request to Rezone the Subject Property from “PD” - Planned Development District to “PD” - Planned Development District, Located at 6952 Mediterranean Drive, and Accompanying Ordinance

COUNCIL GOAL: Direction for Strategic and Economic Growth
(1C: Provide a strong city economy by facilitating a balance between industrial, commercial, residential and open space)

MEETING DATE: January 21, 2025

DEPARTMENT: Development Services - Planning Department

CONTACT: Jennifer Arnold, AICP, Director of Planning
Caitlyn Strickland, AICP, Planning Manager
Jake Bennett, Planner II

RECOMMENDED CITY COUNCIL ACTION: Staff recommends approval of the proposed rezoning request with the following special ordinance provisions:

1. The subject property shall be zoned “PD” - Planned Development District and shall be subject to the following special ordinance provision:
 - a. The subject property shall develop in accordance with the attached development regulations.

APPLICATION SUBMITTAL DATE: October 29, 2024 (Original Application)
December 6, 2024 (Revised Submittal)
December 19, 2024 (Revised Submittal)

ITEM SUMMARY: The applicant requests to rezone approximately 6,180 square feet of land to allow for commercial and office uses within an existing building.

EXISTING ZONING AND LAND USES:

Location	Zoning District (Permitted Land Uses)	Existing Land Use
Subject Property	“PD” - Planned Development District (Commercial Uses)	Office
North	“PD” - Planned Development District (Commercial Uses)	Office

South	"PD" - Planned Development District (Commercial Uses)	Office
East	"PD" - Planned Development District (Commercial Uses)	Office
West	"PD" - Planned Development District (Commercial Uses)	Office

PROPOSED ZONING: The applicant requests to rezone the subject property generally for the addition of a new commercial use and to modify the allowance for a Private Club.

The proposed "PD" - Planned Development District includes all the same use and development standards that exist in the current PD. However, the applicant proposes a new use - "Social/Country Club" and associated parking ratio as follows:

- Social/Country Club: A privately-owned club with restricted membership that provides facilities for dining, entertainment, and leisure activities for the enjoyment of its members. This definition does not include any form of sleeping accommodations.
- Parking Ratio: 1 space per 200 square feet of floor area

The subject property is located within the Adriatica development at the southeast corner of Virginia Parkway and South Stonebridge Drive, and the boundary of the proposed zoning would only encompass an individual, existing building. Surrounding buildings are primarily used for general and medical offices, which offer a buffer between the subject property and residential properties.

It is Staff's opinion that the proposed zoning is compatible with the surrounding area and should not negatively impact neighboring uses. As such, Staff recommends approval of the proposed rezoning.

CONFORMANCE TO THE ONE MCKINNEY 2040 COMPREHENSIVE PLAN: A key aspect of the ONE McKinney 2040 Comprehensive Plan is to provide direction related to desired development patterns in the city and to inform decisions related to the timing and phasing of future infrastructure investments. To assist in guiding these decisions, the plan includes a set of Guiding Principles that provide overall guidance and a Preferred Scenario and Land Use Diagram that illustrates the desired development patterns in the city. The Preferred Scenario and Land Use Diagram are built upon a series of distinctive districts, each with a specific purpose, focus and market. Each district consists of a mix of placetypes that identify the predominate land uses and desired pattern of development for the district.

- Guiding Principles:
The proposed rezoning request is generally in conformance with the Guiding Principle of "Diversity (Supporting our Economy and People)" established by the Comprehensive Plan. In particular, the proposed request has the potential to provide "[...] new businesses and developments that support economic engines, broaden the tax base, and make the city's economy more adaptable and resilient."
- Preferred Scenario and Land Use Diagram Characteristics:

Per the Preferred Scenario and Land Use Diagram, the subject property is located in the Established Community District and is designated as the Mixed-Use Center placetype.

Mixed-Use Center offers people the ability to live, shop, work, and play in one community. They include a mixture of housing types and multiple residential housing choices within close proximity to the goods and services residents need on a daily basis. This Placetype typically includes a higher intensity of uses developed in an urban style that are supported by nodes of activity. The design and scale of development in a mixed-use center encourages active living, with a complete and comprehensive network of walkable streets enhanced by a vertical style of development.

- Land Use Diagram Compatibility:

When considering land use decisions, the City should determine that a project aligns with the Land Use Diagram and/or meets a majority of the plan's established criteria to be considered compatible with the Land Use Diagram. The proposed rezoning request **aligns** with the Mixed-Use Center placetype of the Established Community District, is in conformance with the Land Use Diagram and should be compatible with the surrounding properties.

- Fiscal Model Analysis: The attached fiscal analysis shows a positive fiscal benefit of \$97,796 for the 0.142-acre property, which should contribute to achieving an overall fiscal balance in the city.

OPPOSITION TO OR SUPPORT OF REQUEST: Staff has received no letters of support to this request and no letters of opposition. This does not include emails or letters that may have been sent directly to members of the Council. Staff has not received any citizen comments through the online citizen portal.

On January 14, 2025, the Planning and Zoning Commission voted 7-0-0 to recommend approval of the request to the City Council.
